- 3) An arc distance of 1,243.76 feet along said non-tangent curve to the left, having a central angle of 12° 04' 45", a radius of 5,899.58 feet and a chord which bears North 05° 45' 47" West, 1,241.45 feet to point for corner at the end of said curve;
- 4) North 11° 59' 43" West, 235.71 feet to an angle point for corner;
- 5) North 17° 10' 19" West, 101.80 feet to an angle point for corner;
- 6) North 11° 58' 05" West, 289.05 feet to the point of curvature of a non-tangent curve to the right;
- 7) An arc distance of 1,166.36 feet along said non-tangent curve to the right, having a central angle of 11° 59' 55", a radius of 5,569.58 feet and a chord which bears North 05° 51' 35" West, 1,164.23 feet to point for the end of said curve;
- 8) North 00° 05' 20" West, 903.04 feet to an angle point for corner;
- 9) North 0° 13' 37" West, 239.79 feet to an angle point for corner;
- 10) North 00° 10' 46" West, 1,465.93 feet to an angle point for corner;
- 11) North 05° 44' 31" West, 201.04 feet to point for the northwesterly corner of the herein described tract;

Thence, North 89° 52' 18" East, departing said easterly R.O.W. line, 1,021.58 feet to an angle point for corner;

Thence, North 01° 35' 01" West, 128.58 feet to a point for the southwesterly corner of a called 55.8859 acre tract conveyed to the Fort Bend Independent School District by the instrument of record in Volume 1882, Page 113 in the Deed Records of Fort Bend County, Texas (F.B.C.D.R.), said point being an angle point;

Thence, in an easterly direction, along the southerly line of said 55.8859 acre tract the following six (6) courses:

- 1) North 75° 55' 42" East, 160.28 feet to an angle point for corner;
- 2) North 64° 19' 11" East, 494.90 feet to an angle point for corner;
- 3) North 56° 49' 30" East, 400.67 feet to an angle point for corner;
- 4) North 38° 45' 54" East, 201.45 feet to an angle point for corner;
- 5) North 65° 40' 49" East, 262.35 feet to an angle point for corner;
- 6) North 73° 32' 25" East, 721.52 feet East, to a point for the northeasterly corner of the herein described tract;

Thence, South 00° 20' 53" East, 1,934.39 feet to a point in the centerline of Oyster Creek;

Thence, in a northeasterly direction, along the centerline of said Oyster Creek the following three (3) courses:

- 1) North 53° 21' 17" East, 590.00 feet to an angle point for corner;
- 2) North 51° 56' 17" East, 200.00 feet to an angle point for corner;

3) North 62° 40' 17" East, 156.26 feet to a point for the northwesterly corner of a tract of land conveyed to L. A. Wheeler III and Antoinette Wheeler by the instrument of record in Volume 710, Page 263, F.B.C.D.R. said point being an angle point;

Thence, South 00° 04' 22" East, departing said centerline and along the westerly line of said Wheeler tract, that certain tract conveyed to Leslie A. Wheeler III by the instrument of record in Volume 1474, Page 141, F.B.C.D.R., that certain tract conveyed to Walter C. Hayhurst, Jr. by the instrument of record in Volume 960, Page 712, F.B.C.D.R. and that certain tract conveyed to Paul and Margaret Schumann by the instrument of record in Volume 2643, Page 2255, F.B.C.D.R., 1,644.30 feet to an angle point for corner;

Thence, South 00° 03' 07" East, along the westerly line of said Schumann tract, 520.77 feet to a point for the southwest corner of said Schumann tract and an interior corner of the herein described tract;

Thence, North 78° 02' 53" East, along the southerly line of said Schumann tract, 441.14 feet to a point for corner on the westerly R.O.W. line of Burney Road (width varies) and being the southeasterly corner of said Schumann tract and a northeasterly corner of the herein described tract;

Thence, in a southerly direction along the westerly R.O.W. line of said Burney Road the following three (3) courses:

- 1) South 00° 21' 56" East, 140.54 feet to an angle point for corner;
- 2) South 40° 28' 14" East, 148.64 feet to an angle point for corner;
- 3) South 46° 58' 19" East, 319.33 feet to a point for the northeasterly corner of that certain tract conveyed to Alcorn

Land & Improvement Company by the instrument of record in Volume 140, Page 192, F.B.C.D.R. and marking a southeasterly corner of the herein described tract;

**IMPERIAL GENERAL DEVELOPMENT PLAN**  
**SUMMARY OF AMENDMENTS**

Summarized below are the amendments herein to the Imperial PD General Development Plan (GDP) originally adopted on April 17, 2012 per Ordinance No. 1852 and first amended on September 16, 2014 per Ordinance No. 1969. The original and amended GDP's include historical exhibits for Imperial tracts subsequently developed per a Final Development Plan (FDP). These FDP's and any future FDP's within Imperial supersede historical exhibits in the GDP.

Imperial GDP Exhibits B, B-1 and B-2 are herein amended and revised as follows:

**EXHIBIT B: General Development Plan**

**Section A. Contents.**

Note: Clairifying revision only

*Under Development Regulations for Live/Work Units and Townhome lots in the Ballpark and Historic Districts, "Residential Districts" has been added to align with the title of Section F, Development Regulations for Live/Work Units and Townhomes Lots in Ballpark, Historic and Residential Districts.*

**Section B. General Provisions.**

Under B.1, the default primary zoning district for all four tracts (G, H, I and J) in the Highway 6 District was Business Office (B-O). Has now been split with B-O for Tracts G and I and B-1 (Neighborhood Business) for Tracts H and J.

**Section H. Landscape and Pedestrian Circulation Regulations.**

Note: Clairifying revision only.

Subsection 8. Sidewalks, Item (f) amended to add *Exhibit B-10, Bicycle Circulation Plan*, to end of regulation.

**Section J. Additional Regulations.**

Subsection 5 which read:

*5. The Highway 6 District is intended to be primarily office use. The Final Development Plans may place additional restrictions on the overall square footage of retail and ancillary uses within the Highway 6 District.*

Has been revised to read as follows and include the new illustration below:

5. Highway 6 District retail use:

- a) Retail strip centers as defined herein and shown below are prohibited on Tract H of the Highway 6 District. Retail strip center means a tract or reserve that is developed with a multi-tenant retail building located toward the rear of the site with the building length parallel to the public street or highway, the building width perpendicular, and most of the on-site parking located in a single area between the building and road.

- b) Final Development Plans may place additional restrictions on the overall square footage of retail or the arrangement of retail uses on Tracts H or J.

**EXHIBIT B-1: General Land Plan**

Note: Amendments pertains only to Highway 6 District.

- Map amended to show same color and use for all four tracts (G, H, I, and J) in the Highway 6 District.
- Land use legend amended to delete "Office" classification for Highway 6 District (H, I and J) and change to "Mixed Use (Retail/Restaurant/Hotel/Office)" classification for entire Highway 6 District with a total of 61.4 acres.

Note: Prior Office acreage of 49.8 acres included Tract H – 37.8 acres and Tract J – 12.0 acres but erroneously omitted Tract I – 1.3 acres. Prior Mixed Use acreage of 10.3 was solely Tract G. Amended total of 61.4 acres includes all four tracts.

**EXHIBIT B-2: Permitted Uses, Imperial Land Use Matrix**

Note: Land use matrix amendments pertain solely to the Highway 6 District which is comprised of Tracts G, H, I and J along State Highway 6 as shown on the first page of Exhibit B-2. Final Development Plans have already been approved for Tracts G, I, and the southwest portion of Tract H. Thus, the permitted use amendments outlined below will only apply to the remainder of Tract H and all of Tract J.

- Conditions Note #7 amended to add “*per store*” to the end of the sentence which limits certain uses to 20,000 square feet.
- Conditions Note #13 which read: “*Use only permitted in Tracts H, I and J*” has been deleted and replaced with: “*Subject to a maximum of 10,000 square feet of gross leasable area per store.*” As noted above, Final Development Plans for Tract I and a portion of Tract H have already been approved.
- Conditions Note #14 which read: “*Use only permitted in Tract I*” has been deleted and replace with “*Subject to a maximum of 8,000 square feet of gross leasable area per store.*” As noted above, Final Development Plans for Tract I and a portion of Tract H have already been approved.
- Conditions Note #23 has been added to read: “*Ancillary use only; use prohibited within a single-tenant building or multi-tenant retail center.*”
- Building Materials (SIC 52): All uses which had been permitted per Ordinance No. 1969 have been deleted except florist shops (5992).
- Department stores (5311) and misc. general stores (5399) deleted.
- Food store uses (SIC No. 54):
  - Convenience Stores with Gasoline Sales (5411) and Auto Parts and Accessory Sales (5531) deleted.
  - Grocery stores limited to 20,000 square feet per store (Note #7).
  - Other uses limited to 10,000 square feet per store (Note #13).
- Apparel and accessory stores (SIC 56):
  - Limited to 8,000 square feet per store (Note #14).
- Furniture and home furnishing stores as listed (SIC 57) deleted.
- Additional retail stores as listed (SIC 59):
  - Nonstore retailers (SIC 5961-5963) deleted.
  - Other listed uses limited to 8,000 square feet per store (Note #14).
- Personal services (SIC No. 72):
  - Garment pressing (7212), beauty shops (7231), shoe repair and shoeshine parlors (7251), funeral service and crematories (7261), formal wear and costume rental (7299) deleted.
  - Other uses limited to ancillary use only and are prohibited within a single-tenant building or multi-tenant retail center (Note #23).
- Services and parking (SIC 75): Passenger car rental (7514), passenger car leasing (7515), and car washes permitted per Ordinance No. 1969 have been deleted.
- Miscellaneous repair services (SIC No. 76): All uses deleted except watch, clock and jewelry repair (7631) which is permitted only as an ancillary use and is prohibited within a single-tenant building or multi-tenant building (Note #23).

  - Single Family in the Residential and Historic Districts and Single Family and Patio homes in Ballpark District
- Landscape and Pedestrian Circulation Regulations
- Building Regulations
- Additional Regulations
- Freestanding Signs

**B. General Provisions.**

1. The PD approved herein must be constructed, developed, and maintained in compliance with this ordinance and other applicable ordinances of the City. For each district in the PD, a default primary zoning district is established below. If any provision or regulation of any City ordinance applicable in the following default zoning districts is not contained in this ordinance, all the regulations contained in the Development Code applicable to the default zoning district in effect on the effective date of this ordinance apply to this PD as though written herein, except to the extent the City regulation or provision conflicts with a provision of this ordinance:

- (a) *Business Park District*: Restricted Industrial (M-1) district
- (b) *Open Space District*: Brazos River and Conservation (BR) district
- (c) *Residential District and Ballpark District, Tracts C, and F*: Standard Single-Family Residential (R-1) district
- (d) *Ballpark District, Tracts A, B, C, D, and E*: General Business (B-2) district
- (e) *Highway 6 District, Tracts G and I*: Business Office (B-O) district
- (f) *Highway 6 District, Tract H and J: Neighborhood Business* (B-1) district
- (g) *Historic Districts 1 and 2*: General Business (B-2) district

2. Except as otherwise provided herein, the words used in this General Development Plan have the meaning established by the Development Code. In this ordinance:

*Live/Work Unit* is a mixed-use residence with ground and lower-level commercial uses connected to an upstairs dwelling space. All or part of only the ground floor may be devoted to a non-residential use as permitted by this ordinance. The maximum square footage devoted to a permitted non-residential use shall be limited to 1,500 s.f. per structure. The premises must be used as the primary residence of the property owner, which shall also be

the same as the business owner / operator. Live/work units may be attached, similar to townhomes, or detached.

*Open Space* means the portion of all land contained within the PD that is not covered by buildings, parking lots, driveways, improved pedestrian areas (outside of publicly accessible plazas), or other impermeable material.

*PD* is the planned development district created by this ordinance.

*Pavers* mean colored interlocking bricks, tiles, stones, blocks, or concrete units.

*Retail* means a commercial establishment engaged in the selling of goods and merchandise to the general public and rendering services incidental to the sale of such goods.

3. As shown on *Exhibit B-2, Permitted Uses* and Land Use Plan, the PD is divided into the following seven districts:
  - Ballpark District, comprised of five separate parcels
  - Highway 6 District, comprised of four separate parcels
  - Residential District
  - Business Park District
  - Historic District 1
  - Historic District 2
  - Open Space District
4. The PD shall be developed in accordance with the following exhibits that are attached to and made part of this General Development Plan:

Exhibit B-1:	<i>General Land Plan</i>
Exhibit B-2:	<i>Permitted Uses, Land Use Matrix</i>
Exhibit B-3:	<i>Cross Section Reference Plan</i>

Exhibit B-17:	<i>Imperial Street View of Public Park Dedication</i>
Exhibit B-18:	<i>Imperial Street View from US 90A Looking West</i>
Exhibit B-19:	<i>Imperial View Looking Northeast Across US 90A</i>

**C. Land Uses.**

1. Permitted land uses for all districts are listed in [Exhibit B-2, Permitted Uses](#). All other land uses are prohibited in these districts.
2. Permitted land uses may be mixed horizontally or vertically on a single property within a single district in accordance with [Exhibit B-2, Permitted Uses](#).
3. Certain land uses are permitted when developed under specific conditions as established in the Notes section of [Exhibit B-2, Permitted Uses](#).
4. Multi-family dwelling units are separated into two phases - Phase 1 and Phase 2. Phase 1 refers to the multi-family dwelling units constructed in the Ballpark District (Tract B only) with a maximum of 300 multi-family units. Phase 2 refers to multi-family dwelling units constructed in the Ballpark District (Tract B only) adjacent to Phase 1 or within the Historic District 1 as further defined in Section D.2.

Final Development Plans for multi-family units in Phase 2 will not be approved by City Council until all Phase 1 multi-family buildings have received Certificates of Occupancy issued by the City. Building permits for multi-family units in Phase 2 will not be issued until a City Multi-family Rental Property License has been obtained under Chapter 4, Article VIII of the Code of Ordinances for all Phase 1 multi-family units, and the Phase 1 project has a minimum occupancy of at least 75 percent. (For the purpose of calculating the minimum occupancy, demonstration units, or model units will not be included in the calculations).

**D. Development Regulations.**

**D.1. Development Regulations for Nonresidential in the Highway 6 District**– Nonresidential sites within this PD district shall be developed in accordance with the following development regulations:

1. Maximum height of structures:
  - (a) 150 feet above ground level or as limited by airport height restrictions.
  - (b) The maximum height of structures is limited by the bulk plane requirements illustrated on [Exhibit B-5, Imperial Bulk Plane Exhibit](#).

  - (f) Awnings and canopies attached to a building may project up to 5 feet into a required building setback if located at least 8 feet above adjoining sidewalks or pedestrian walkways.

3. Minimum parking lot setbacks:
  - (a) 25 feet abutting State Highway 6, Imperial Blvd, and the proposed collector street.
  - (b) 25 feet abutting single family residential.
  - (c) 10 feet abutting the internal access easement.
  - (d) 10 feet abutting Open Space Reserves.
  - (e) 10 feet abutting all other lot lines.
4. Minimum open space: 15% of the District area.
5. Paving:
  - (a) All parking lots, driveways, and vehicle use areas outside of individual building parcels must be constructed of concrete.
  - (b) All driveways and access easements within individual building parcels may be paved with a concrete surface or interlocking pavers supported by a 6 inch reinforced concrete tray and a sub-grade per City design standards.
6. Outside Retail Use: Merchandise may be displayed or stored outside the building on the same premises if the merchandise:
  - (a) Is not located on public property or within a required building setback, parking lot setback, parking space or drive aisle.
  - (b) Is delineated within a specific area shown on the Final Development Plan.
  - (c) Is owned by the owner or lessee of the building.
  - (d) Occupies a contiguous area less than 10% of the ground floor area of the attendant building or tenant space, but no greater than 5,000 square feet. The 10% maximum size restriction does not apply to landscaping materials for retail nurseries or lawn and garden supply stores, if displayed within a fenced area.
  - (e) Merchandise area must be integrated into the architecture of the building and/or must be screened from street view with architectural materials that match the main building.
7. Outdoor Service Areas for Eating Establishments: Eating establishments that provide a place for outdoor services adjacent to the establishment shall adhere to the following:
  - (a) In any district, shall not encroach into any sidewalk or other pedestrian walkway as required herein.
  - (b) Shall be delineated within a specific area shown on the Final Development Plan.
  - (c) Must provide additional off-street parking, under the schedule applicable in the Development Code, for that portion of the outdoor service area that exceeds by more than 25% the square feet of the indoor dining area to which the off-street parking requirements apply.
8. Parking Garages:
  - (a) Structured parking shall comply with the regulations in Chapter 2, Article XI of the Development Code.
  - (b) Structured parking serving both residential and nonresidential uses shall include clearly defined separate areas for resident and nonresident parking.

9. Bicycle Parking:

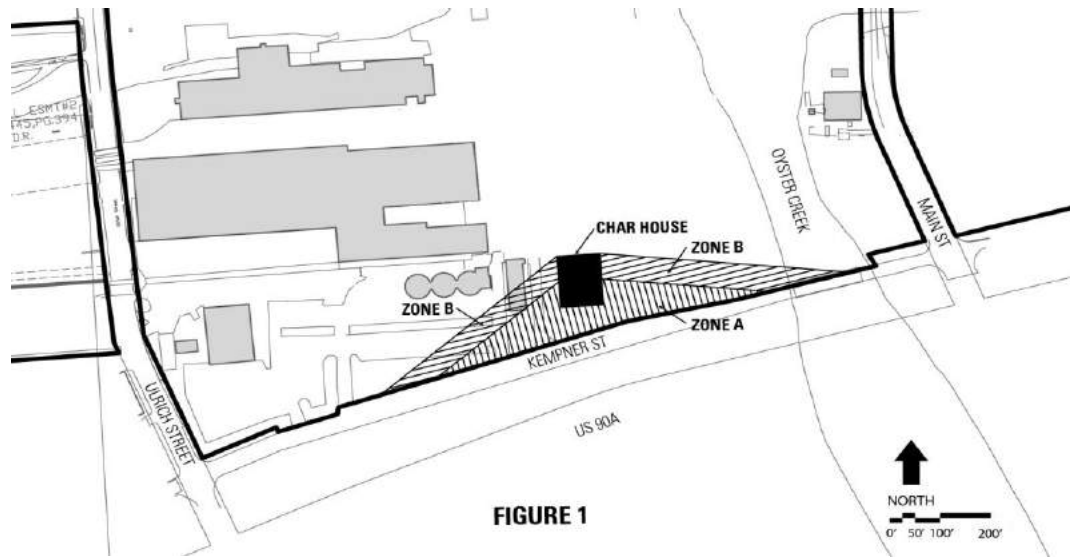

- (a) Off-street parking for bicycles shall be provided within 50 feet of the public entrance to each nonresidential building.
- (b) Bicycle parking spaces shall not encroach into any sidewalk or other pedestrian walkway as required herein.
- (c) Bicycle parking shall include racks, lockers, or other structures intended for parking bicycles with a minimum of 3 spaces in any one location.
- (d) Racks shall be designed to support the bicycle upright in two places on the bicycle frame.
- (e) Parking garages shall include bicycle parking.

**D.2. Development Regulations for Nonresidential and Multi-Family in the Historic Districts -**

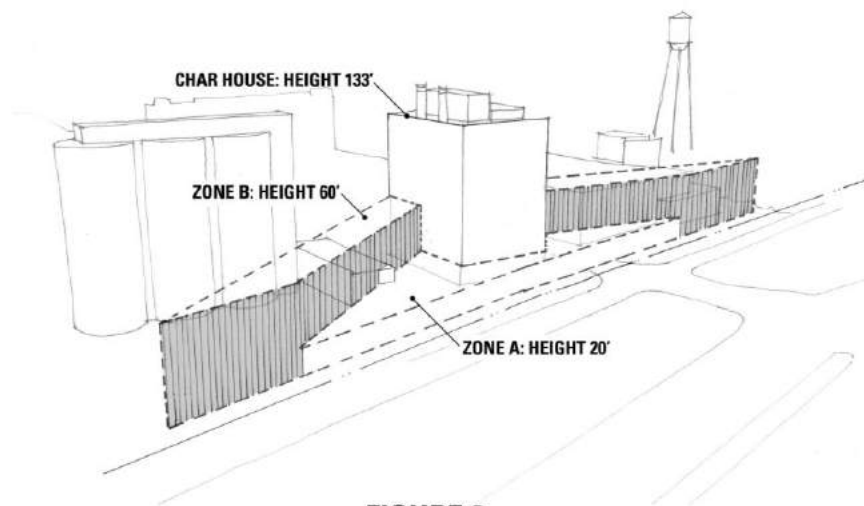

Nonresidential and multi-family sites within these PD districts shall be developed in accordance with the following development regulations:

1. Maximum height of structures:

- (a) No building may be constructed taller than the Char House, being 133 feet above ground level, subject to D.2.1.(b-f).
- (b) 2 stories, but no more than 35 feet above ground level, within 100 feet of an existing residential zoning district, as shown in [Exhibit B-14, Public Parkland Dedication](#).
- (c) Any multi-family dwelling building shall not exceed four stories, but no more than 60 feet above ground level, with the exception of any multi-family use located in the historic Char House building.
- (d) In order to preserve views to the Char House, only building appurtenances such as covered walkways, awnings, entry vestibules, located within the view corridor Zone A as illustrated on "Figure 1" below, may be constructed to a height no greater than 20 feet. In addition, signage, and landscape improvements such as site furniture, seat walls, paving, irrigation, and tree and other landscape planting will be permitted in Zone A. Except as noted herein, No other Building or Structures are permitted in Zone A.
- (e) No Building or Structure within the view corridor Zone B as illustrated on "Figure 1" below, may be constructed to a height greater than 60 feet.
- (f) Any portion of a building within 243 feet of a residential zoning district shall not extend beyond the bulk plane formed by a property line setback of 2 linear feet per 1 foot in height over 24 feet, as shown on [Exhibit B-5, Bulk Plane Exhibit](#).

**FIGURE 1**

**FIGURE 2**

2. Minimum building setbacks for new buildings and future additions to existing buildings; existing buildings and structures are "grandfathered" from this setback requirement:
  - (a) 20 feet abutting Kempner Street, Ulrich Street, and Main Street.
  - (b) 10 feet abutting all other public street lot lines.
  - (c) 10 feet abutting internal access easements.
  - (d) 10 feet abutting Oyster Creek, except where the 25 foot landscape buffer per the General Plan applies.
  - (e) Side and rear yards not abutting a public right-of-way:
    - (i) 25 feet abutting a residential use other than multi-family.
    - (ii) 5 feet abutting a nonresidential or multi-family use.
    - (iii) None required if adjoining another building.
  - (f) Awnings and canopies attached to a principal building may project up to 5 feet into a required building setback if located at least 8 feet above adjoining sidewalks, pedestrian walkways, or outdoor service areas for eating and drinking establishments.

3. Minimum parking lot setbacks:
  - (a) All public street lot lines: 25 feet
  - (b) Abutting internal access easements: 10 feet
  - (c) Oyster Creek greenbelt lot lines: 10 feet
  - (d) All other lot lines: 10 feet
  
4. Minimum open space: 15% of the District area.
  
5. Maximum multi-family density:
  - (a) Maximum of 325 units in the Historic District 1 only and only as Phase 2 as defined in Section C.4.
  - (b) Multi-family dwelling units are permitted in the northern area of Historic District 1, adjacent to Mayfield Park as shown on *Exhibit B-7, Site Layout Concept – Historic District* and within and as an extension to the historic Char House.
  - (c) Multi-family units are restricted to one and two bedroom units only.
  - (d) Final Development Plan for multi-family residential must adhere to principles and basic framework illustrated on *Exhibit B-7, Site Layout Concept – Historic District*.
  - (e) Maximum unit count does not include Independent Retirement, Senior Living units.
  
6. Paving:
  - (a) All parking lots, driveways, and vehicle use areas outside of individual building parcels must be constructed of concrete.
  - (b) All driveways and access easements within individual building parcels may be paved with a concrete surface or interlocking pavers supported by a 6-inch reinforced concrete tray and a sub-grade per City design standards.
  - (c) Drive-thru lanes are prohibited in the Historic District 1.
  
7. Outside Retail Use: Merchandise may be displayed or stored outside the building on the same premises if the merchandise:
  - (a) Is not located on public property or within a required building setback, parking lot setback, parking space or drive aisle;
  - (b) Is delineated within a specific area shown on the Final Development Plan;
  - (c) Is owned by the owner or lessee of the building; and
  - (d) Occupies a contiguous area less than 10% of the ground floor area of the attendant building or tenant space, but no greater than 5,000 square feet. The 10% maximum size restriction does not apply to landscaping materials for retail nurseries or lawn and garden supply stores, if displayed within a fenced area.
  - (e) Merchandise area must be integrated into the architecture of the building and/or must be screened from street view with architectural materials that match the main building.
  
8. Outdoor Service Areas for Eating Establishments: Eating establishments that provide a place for outdoor services adjacent to the establishment shall adhere to the following:
  - (a) Within the Historic District, may extend into public street rights-of-way, but no nearer than 6 feet from back of curb along street unless a sidewalk is maintained with no impediments for public access within the space.
  - (b) In any district, shall not encroach into any sidewalk or other pedestrian walkway as required herein.
  - (c) Shall be delineated within a specific area shown on the Final Development Plan.

- (d) Must provide additional off-street parking, under the schedule applicable in the Development Code, for that portion of the outdoor service area that exceeds by more than 25% the square feet of the indoor dining area to which the off-street parking requirements apply.

9. Parking Garages:

- (a) Structured parking garages are required for the majority of resident parking for any multi-family in the Historic District 1 and are required to be integrated into the building massing of the multi-family residential building in the northern area of the Historic District 1 as shown on [Exhibit B-7, Site Layout Concept – Historic District](#).
- (b) Structured parking shall comply with the regulations in Chapter 2, Article XI of the Development Code.
- (c) Structured parking serving both residential and nonresidential uses shall include clearly defined separate areas for resident and nonresident parking.

10. Bicycle Parking:

- (a) Off-street parking for bicycles shall be provided within 50 feet of the public entrance to each nonresidential building or multi-family leasing and management offices.
- (b) Bicycle parking spaces shall not encroach into any sidewalk or other pedestrian walkway as required herein.
- (c) Bicycle parking shall include racks, lockers, or other structures intended for parking bicycles with a minimum of 3 spaces in any one location.
- (d) Racks shall be designed to support the bicycle upright in two places on the bicycle frame.
- (e) Parking garages shall include bicycle parking, with separate spaces for garages serving both residential and nonresidential uses.
- (f) Bicycle parking for multi-family buildings to be provided on the final Development Plan.

11. General Service Areas:

- (a) All service areas and mechanical equipment shall be internal and centralized to a site when adjacent to/abutting a residential use. All service areas will be screened from off-site views with wood or masonry walls. This includes screening of the following:
  - (i) Trash compactor and bins
  - (ii) Storage tanks and pumps
  - (iii) Irrigation controls and backflow preventers
  - (iv) Electrical transformers and control boxes
  - (v) Air-conditioning units
  - (vi) Loading and truck service areas
  - (vii) Auxiliary buildings
  - (viii) Shipping and receiving dock doors
  - (ix) Truck docks and trash bins
  - (x) Trash enclosures
  - (xi) Ground-mounted mechanical equipment

12. Tree Preservation: Existing Oak and Pecan Trees located along and within 50 feet of Kempner Street with a caliper greater than 8 inches shall be preserved. Except any tree may be removed, subject to the City's current Tree Preservation regulations (Section 3-10), for the extension or widening of Brooks Street or any other public right-of-way and/or public utility. Existing trees may be relocated on the property with the permission of the Planning Director. Any tree identified by a certified arborist as a hazard, diseased or dead, may be removed with the written authorization of the Planning Director.

**D.3. Development Regulations for Nonresidential and Multi-Family in the Ballpark District -**  
Nonresidential and multi-family sites within this PD district shall be developed in accordance with the following development regulations:

1. Maximum height of structures:
  - (a) 150 feet above ground level or as limited by airport height restrictions, subject to D.3.1.(b) and (c).
  - (b) 2 stories, but no more than 35 feet above ground level, within 100 feet of an existing residential zoning district, as shown in [Exhibit B-14, Public Parkland Dedication](#).
  - (c) Any multi-family dwelling building shall not exceed four stories, and/or not more than 60 feet above ground level.
  - (d) Any portion of a building within 277 feet of a residential zoning district shall not extend beyond the bulk plane formed by a property line setback of 2 linear feet per 1 foot in height over 24 feet, as shown on [Exhibit B-5, Bulk Plane Exhibit](#).
  
2. Building setbacks:
  - (a) 10 feet minimum abutting all public street lot lines
  - (b) 10 feet minimum abutting internal access easements.
  - (c) Side and rear yards not abutting a public right-of-way:
    - (i) 25 feet abutting a residential use other than multi-family.
    - (ii) 5 feet abutting a nonresidential or multi-family use.
    - (iii) None required if adjoining another building.
  - (d) Awnings and canopies attached to a principal building may project up to 5 feet into a required building setback if located at least 8 feet above adjoining sidewalks, pedestrian walkways, or outdoor service areas for eating and drinking establishments.
  - (e) 25 feet maximum for multi-family fronting public street lines. Maximum building setbacks for other uses may be established in Final Development Plans.
  
3. Minimum parking lot setbacks:
  - (a) All public street lot lines: 25 feet
  - (b) Abutting internal access easements: 10 feet
  - (c) Oyster Creek greenbelt lot lines: 10 feet
  - (d) Abutting Open Space District: 10 feet
  - (e) All other lot lines: 10 feet
  
4. Minimum open space: 15% of the District area.
  
5. Maximum multi-family density:
  - (a) Maximum of 625 multi-family units permitted within the Ballpark District (Tract B only).
  - (b) Multi-family units are restricted to one and two bedroom units only.
  - (c) Final Development Plan for multi-family residential must adhere to principles and basic framework illustrated on [Exhibit B-6, Site Layout Concept – Ballpark District](#).
  - (d) Residential buildings shall have an orientation toward the perimeter streets and Oyster Creek.
  - (e) Maximum unit count does not include Independent Retirement, Senior Living units.
  
6. Paving:
  - (a) All parking lots, driveways, and vehicle use areas outside of individual building parcels must be constructed of concrete.

- (b) All driveways and access easements within individual building parcels may be paved with a concrete surface or interlocking pavers supported by a 6 inch reinforced concrete tray and a sub-grade per City design standards.
  - (c) Drive thru lanes are prohibited in the Ballpark District Tracts B, C, and F.
7. Outside Retail Use: Merchandise may be displayed or stored outside the building on the same premises if the merchandise:
- (a) Is not located on public property or within a required building setback, parking lot setback, parking space or drive aisle;
  - (b) Is delineated within a specific area shown on the Final Development Plan;
  - (c) Is owned by the owner or lessee of the building; and
  - (d) Occupies a contiguous area less than 10% of the ground floor area of the attendant building or tenant space, but no greater than 5,000 square feet. The 10% maximum size restriction does not apply to landscaping materials for retail nurseries or lawn and garden supply stores, if displayed within a fenced area.
  - (e) Merchandise area must be integrated into the architecture of the building and/or must be screened from street view with architectural materials that match the main building.
8. Outdoor Service Areas for Eating and Drinking Establishments: Eating and drinking establishments that provide a place for outdoor services adjacent to the establishment shall adhere to the following:
- (a) Within the Ballpark District, may extend into public street rights-of-way, but no nearer than 6 feet from back of curb along street unless a sidewalk is maintained with no impediments for public access within the space.
  - (b) In any district, shall not encroach into any sidewalk or other pedestrian walkway as required herein.
  - (c) Shall be delineated within a specific area shown on the Final Development Plan.
  - (d) Must provide additional off-street parking, under the schedule applicable in the Development Code, for that portion of the outdoor service area that exceeds by more than 25% the square feet of the indoor dining area to which the off-street parking requirements apply.
9. Parking Garages:
- (a) Structured parking shall comply with the regulations in Chapter 2, Article XI of the Development Code.
  - (b) Structured parking serving both residential and nonresidential uses shall include clearly defined separate areas for resident and nonresident parking.
10. Bicycle Parking:
- (a) Off-street parking for bicycles shall be provided within 50 feet of the public entrance to each nonresidential building or multi-family leasing and management offices.
  - (b) Bicycle parking spaces shall not encroach into any sidewalk or other pedestrian walkway as required herein.
  - (c) Bicycle parking shall include racks, lockers, or other structures intended for parking bicycles with a minimum of 3 spaces in any one location.
  - (d) Racks shall be designed to support the bicycle upright in two places on the bicycle frame.
  - (e) Parking garages shall include bicycle parking, with separate spaces for garages serving both residential and nonresidential uses.
  - (f) Bicycle parking for multi-family buildings to be provided on the final Development Plan.

11. General Service Areas:

- (a) All service areas and mechanical equipment shall be internal and centralized to a site when adjacent to/abutting a residential use. All service areas will be screened from off-site views with wood or masonry walls. This includes screening of the following:
  - (i) Trash compactor and bins
  - (ii) Storage tanks and pumps
  - (iii) Irrigation controls and backflow preventers
  - (iv) Electrical transformers and control boxes
  - (v) Air-conditioning units
  - (vi) Loading and truck service areas
  - (vii) Auxiliary buildings
  - (viii) Shipping and receiving dock doors
  - (ix) Truck docks and trash bins
  - (x) Trash enclosures
  - (xi) Ground-mounted mechanical equipment

**E. Development Regulations for Business Park District** – Sites within this PD district shall be developed in accordance with the following development regulations:

- 1. Maximum height of structures:
  - (a) 150 feet above ground level or as limited by airport height restrictions, subject to E.1.(b)(c).
  - (b) 2 stories, but no more than 35 feet above ground level, within 100 feet of an existing residential zoning district, as shown in [Exhibit B-14, Public Parkland Dedication](#).
  - (c) Any portion of a building within 277 feet of a residential zoning district shall not extend beyond the bulk plane formed by a property line setback of 2 linear feet per 1 foot in height over 24 feet, as shown on [Exhibit B-5, Bulk Plane Exhibit](#).
- 2. Minimum building setbacks:
  - (a) 25 feet abutting all public street lot lines.
  - (b) 10 feet abutting internal access easements.
  - (c) Side and rear yards not abutting a public right-of-way:
    - (i) 10 feet typical.
    - (ii) None required if adjoining another building.
- 3. Minimum parking lot setbacks:
  - (a) All public street lot lines: 15 feet
  - (b) Abutting internal access easements: 10 feet
  - (c) Oyster Creek greenbelt lot lines: 10 feet
  - (d) All other lot lines: 10 feet
- 4. Minimum open space: 20% of district area.
- 5. Paving:
  - (a) All parking lots, driveways, and vehicle use areas outside of individual building parcels must be constructed of concrete.

- (b) All driveways and access easements within individual building parcels may be paved with a concrete surface or interlocking pavers supported by a 6 inch reinforced concrete tray and a sub-grade per City design standards.

6. Bicycle Parking:

- (a) Off-street parking for bicycles shall be provided within 50 feet of the public entrance to each building.
- (b) Bicycle parking spaces shall not encroach into any sidewalk or other pedestrian walkway as required herein.
- (c) Bicycle parking shall include racks, lockers, or other structures intended for parking bicycles with a minimum of 3 spaces in any one location.
- (d) Racks shall be designed to support the bicycle upright in two places on the bicycle frame.
- (e) Parking garages shall include bicycle parking.

**F. Development Regulations for Live/Work Units and Townhome Lots in Ballpark, Historic and Residential Districts** – Live/work units and townhome lots in these two PD districts shall be developed in accordance with the following development regulations:

1. Minimum lot area: 1,500 square feet
2. Minimum lot width: 18 feet; 28 feet for corner lots
3. Minimum lot depth: 70 feet
4. Maximum lot coverage: 85%
5. Maximum height of structures: 3 stories, but no more than 45 feet above ground level
6. Minimum building setbacks:
  - (a) Front yard: 10 feet.
  - (b) Side yard: 0 feet if attached; 3 feet, but the sum of side yards must be at least 10 feet if unattached or 10 feet abutting a street.
  - (c) Rear yard: 8 feet.
7. Required off-street parking: 2 spaces per unit, plus 1 space per 5 units or portion thereof. Additional parking may be required contingent upon a parking plan to be submitted with Final Development Plan.
8. Maximum number of live/work units shall not exceed 40 units.
9. Townhome lots shall not back to any arterial or major thoroughfare street.

**G. Development Regulations for Single Family and Patio Homes:** – Home sites within this PD district shall be developed in accordance with the following development regulations:

1. Ballpark District and Residential District:
  - (a) Minimum lot area: 5,000 square feet
  - (b) Minimum lot width: 50 feet; 60 feet for corner lots

- (c) Minimum lot depth: 100 feet
  - (d) Maximum lot coverage: 60%
  - (e) Maximum height of structures: 2 & 1/2 stories, but no more than 35 feet from ground level
  - (f) Minimum building setbacks:
    - (i) Front yard: 10 feet
      - 1. 20 feet for a garage if the garage's main driveway door faces the street.
    - (ii) Side yard: 3 feet; sum of side yards must be at least 10 feet
    - (iii) Rear yard:
      - 1. 10 feet, or
      - 2. 15 feet if adjacent to lot in R-1 Zoning District, or
      - 3. 25 feet if abutting an arterial street.
  - (g) Streets may be private if the subdivision contains no more than 85 single family lots, provided there are a minimum two points of access.
2. Historic District and Ballpark Tract B, Single-family lots with Front Garage Access:
- (a) Vehicular access: Lots shall take access from a public street; no lot shall take access from a shared common driveway.
  - (b) Minimum lot area: 3,600 square feet
  - (c) Minimum lot width: 36 feet; 41 feet for corner lots
  - (d) Minimum lot depth: 100 feet
  - (e) Maximum lot coverage: 85%
  - (f) Maximum height of structures: 3 stories, but no more than 45 feet from ground level
  - (g) Minimum front yard building setbacks:
    - (i) 10 feet for the principal structure
    - (ii) 20 feet for the garage
  - (h) Minimum side yard building setbacks:
    - (i) 3 feet; 6 feet on a shared common driveway side; 10 feet on a street side
    - (ii) For a garage, 20 feet on a street side
  - (i) Minimum rear yard building setback: 10 feet
  - (j) Front yard fence: Materials will include brick and/or stone with ornamental iron. Less than 50% of the fence face shall be opaque, and the maximum height shall not exceed 32 inches.
3. Historic District and Ballpark, Tract B, Single-family lots with Rear Access:
- (a) Vehicular Access: Lots shall take access from a shared common driveway; no lot shall take access from a public street.
  - (b) Minimum lot area: 3,240 square feet
  - (c) Minimum lot width: 31 feet
  - (d) Minimum lot depth: 108 feet
  - (e) Maximum lot coverage: 85%
  - (f) Maximum height of structures: 3 stories, but no more than 45 feet from ground level
  - (g) Minimum front yard building setbacks:
    - (i) 10 feet
    - (ii) 25 feet for lots facing Ulrich Street
  - (h) Minimum side yard building setbacks:
    - (i) 0 feet
    - (ii) 6 feet on a shared common driveway
    - (iii) 10 feet on a street side
  - (i) Minimum rear yard setbacks:
    - (i) 10 feet for the principal structure
    - (ii) 20 feet for the garage

- (j) Front yard fences: Materials will include brick and/or stone with ornamental iron. Less than 50% of the fence face shall be opaque, and the maximum height shall not exceed 32 inches.

**H. Landscape and Pedestrian Circulation Regulations** – All sites within the PD shall be developed in accordance with the following landscape and pedestrian circulation regulations:

1. As shown on [Exhibit B-14, Public Parkland Dedication](#), a minimum 25-foot wide perimeter landscape buffer is required in the following locations:
  - (a) In the Ballpark District, adjacent Oyster Creek across from the Mayfield Park and Estates of Oyster Creek Subdivisions.
  - (b) In Historic District 1, adjacent to the Mayfield Park Subdivision.
  - (c) In Historic District 2, along Oyster Creek across from existing single-family homes.
2. Minimum widths for landscape buffers, contiguous to lot lines along:

(a) State Highway 6:	25 feet
(b) Adjacent to residential lot lines:	25 feet
(c) Other public streets:	10 feet*
(d) Internal access easements:	10 feet*
(e) Oyster Creek greenbelt:	10 feet
(f) All other property lines:	6 feet

  - \* landscape buffers are not required within the Historic District
3. Landscape buffers may be used for future transit stops except where adjacent to single family residential areas.
4. In order to create a more urban context, landscape buffers are not required along public streets and internal access easements within the Historic Districts. In lieu of landscape buffers, if the area between the building face and curb is paved, a shade tree located with a tree well must be provided at a minimum spacing of 1 for each 60 feet of lot width, or portion thereof, measured along the street-facing line.
5. Where landscape buffers are provided adjacent to the public street, each premise shall have one shade tree located in the buffer for each 30 feet of lot width, or portion thereof, measured along the street-facing lot line. The trees may be clustered or spaced linearly; they need not be placed evenly.
6. Shade trees shall have a minimum 4-inch caliper and minimum 10-foot height as measured at ground level when planted.
7. A minimum of 500 square feet of publicly-accessible outdoor spaces including parks, squares, or plazas will be provided within each Tract of the Ballpark District and in Historic District 1 and Historic District 2.
8. Sidewalks:
  - (a) Minimum 6-foot wide sidewalks within the Historic Districts. Sidewalks are permitted to occupy the full width of the area between the back of curb and the building face in the Historic Districts.
  - (b) Except within the Historic District, continuous sidewalks with a minimum 5-foot width required along all public roadways and internal access easements.

- (c) Minimum 6-foot wide sidewalks adjacent to the east/west collector street, as shown on street plans D and E.
- (d) Minimum 8-foot wide sidewalks from the central roundabout to the Historic District as shown on street plan C.
- (e) Minimum 7.5-foot wide sidewalks adjacent to the ballpark as shown on street plan B. Sidewalks are permitted to occupy the full width of the area between the back of curb and the stadium property.
- (f) Minimum 10-foot wide sidewalk along State Highway 6, as shown on [Exhibit B-10, Bicycle Circulation Plan](#).

9. Pedestrian walkways:

- (a) A pedestrian walkway shall connect a building entrance to a public street sidewalk.
- (b) For all nonresidential uses, a pedestrian walkway shall connect a building entrance to adjacent retail or residential use.
- (c) For non-residential uses with parking located between the street and the building, at least one walkway shall be provided to and through its associated parking area to connect a building entrance to a public street sidewalk.
- (d) Pedestrian walkway criteria:
  - (i) Minimum 8-foot width for the trail connecting the Oyster Creek Trail through the multi-family in Tract B
  - (ii) Minimum 6-foot width for all other pedestrian walkways
  - (iii) Readily visible and free of encroachment by parked vehicles
  - (iv) Paved with concrete or other masonry products differentiated from the driveway and parking areas through the use of color, texture, or materials
  - (v) Predominantly shaded with shade trees at one per 30 linear feet of walkway or building canopies
  - (vi) Lighted with pedestrian-scaled fixtures
  - (vii) Include “Way finding” signage.

10. Pedestrian Access Corridor through Multi-family surface parking lots in Ballpark District criteria:

- (a) Minimum 6-foot width.
- (b) Readily visible and free of encroachment by parked vehicles.
- (c) Paved with concrete or other masonry products differentiated from the driveway and parking areas through the use of color, texture, or materials or landscaping.
- (d) Predominantly shaded with shade trees at one per 30 linear feet of walkway.
- (e) Lighted with pedestrian-scaled fixtures.

11. Ballpark District Trail Corridor:

- (a) A minimum 10-foot wide shared-use Oyster Creek Trail as shown on [Exhibit B-4, Imperial Open Space Plan](#) in accordance with the City of Sugar Land Hike and Bike Trail Master Plan.

**I. Building Regulations** – Buildings within the PD shall be developed in accordance with the following building regulations:

1. Historic District 1:

- (a) New buildings in the Historic District shall incorporate design features respective of the architectural elements of the existing historical industrial buildings in the District.

- (b) Development in the Historic District shall complement the existing Historic industrial buildings in design, color, texture and/or other visual qualities.
- (c) New construction should be differentiated from the old, but should be compatible with massing, size, and scale, and include distinctive architectural features, finishes and construction techniques that characterize the property.
- (d) According to The Secretary of the Interior's Standards for the Treatment of Historic Properties, "Changes that create a false sense of historical development...will not be undertaken."
- (e) Re-development of the Imperial Sugar Refinery site will be unique and the intent of the General Development Plan is not to discourage or impede creative design of the site. The following examples are included to help illustrate the intent of the regulations included in this Planned Development.

Architectural features respective of the historic industrial buildings in Imperial may include, but not be limited to the following:

Similar materials, distinctive forms and structures may be used to complement the existing buildings.

Historical signage and artifacts incorporated into the re-development

Similar to the re-development of the Pearl Brewery site in San Antonio:

New construction should feature materials and construction techniques that respect the historic nature of the district and its past industrial uses.

The development should incorporate architectural elements and/or artifacts to communicate the unique sense of place.

- (a) Building façade finishes:
    - (i) Primary finishes include brick, stone (natural, cast, or cultured-textured), textured concrete panels, and glass.
    - (ii) Other materials respective of the existing historical industrial buildings in the District, including metal, etc., may be considered on the Final Development Plan, contingent on the review and approval of the proposed building elevations.
    - (iii) Primary finishes shall comprise at least 80% of each façade for multi-family and at least 70% for nonresidential and mixed use buildings.
    - (iv) Secondary finishes shall include wood, ceramic tiles, concrete masonry units (indented, hammered, or split face concrete), stucco and fiber cement siding, and shall comprise no more than 30% of the façade for any building.
    - (v) The Director may approve alternative Primary or Secondary Exterior Finishes not specified in this article if the Director determines that the alternative finish is respective of the architectural elements of the existing historical industrial buildings, substantially equal to or better than a specified Primary or Secondary Exterior Finish in quality, durability, and appearance and the use thereof will not violate any provision of this article.
  
  - (b) Nonresidential and mixed use buildings:
    - (i) The front façade (the side of the building facing the street) of the first floor of a retail building within 50 feet of public street right-of-way shall be at least 60% transparent in order to permit visibility between building occupants and outdoor pedestrians and motor vehicle drivers.
    - (ii) Ground floor facades for retail buildings that face public streets shall have storefronts, canopies, arcades, display windows, entry areas, awnings or other features along at least 50% of their horizontal length.
    - (iii) The Director may approve alternative canopy of Façade treatments not specified in this article if the Director determines that the alternative canopy or façade treatment is respectful of the architectural elements of the existing historical industrial buildings, substantially equal to or better than a specified requirement in quality, durability, and appearance and the use thereof will not violate any provision of this article.
  
  - (c) No single building finish material shall cover more than 80% of the front of any building.
  
  - (d) All facades of an individual building and the facades of multiple buildings within a single development shall be of similar architectural design, color and materials where facing or siding to a public street, internal access easement or pedestrian walkway, except that new buildings in the Historic District shall incorporate façade features respectful of the architectural elements of the existing historical industrial buildings.
  
  - (e) Screening walls, wing walls, columns, and similar building extensions and supports shall be of similar architectural design, color and materials as the building or structure to which they are attached.
2. In all other Districts except the Historic District 1:
- (a) Buildings, except single family residential, shall be designed in accordance with the following criteria:
    - (i) Break up the horizontal and vertical building planes through offsets, changes in

- building materials, colors and textures, or other methods; and
- (ii) Incorporate architectural details that create shade and cast shadows to provide visual relief.
- (iii) Facades greater than 100 feet in length that face public streets shall incorporate offsets having a minimum depth of at least 2 feet and incorporating at least 20% of the length of the façade.
- (iv) No uninterrupted length of a façade shall exceed 100 feet.

(b) Building façade finishes:

- (i) Primary finishes are limited to brick, stone (natural, cast, or cultured-textured), textured concrete panels, stucco and glass.
- (ii) Primary finishes shall comprise at least 80% of each façade for multi-family and at least 70% for nonresidential and mixed use buildings, and at least 50% for single-family residential buildings.
- (iii) Secondary finishes shall include wood, ceramic tiles, concrete masonry units (indented, hammered, or split face concrete), and fiber cement siding, and shall comprise no more than 30% of the façade for any building.
- (iv) Use of architectural metals is limited to canopies, parapet walls, roof systems, and miscellaneous trim work, and such use shall meet the durability standards of the Development Code.
- (v) For Single-family Residential, fiber cement siding shall be considered a secondary finish.
- (vi) The Director may approve alternative Primary or Secondary Exterior Finishes not specified in this article if the Director determines that the alternative finish is substantially equal to or better than a specified Primary or Secondary Exterior Finish in quality, durability, and appearance and the use thereof will not violate any provision of this article.

(c) Nonresidential and mixed use buildings:

- (i) Canopies shall be provided at all street-facing building entrances intended for pedestrians. Canopies may be structural extensions of the building or constructed of fabric attached to the building. An individual canopy shall cover a ground area of at least 20 square feet.
- (ii) The front façade (the side of the building facing the street) of the first floor of a retail building within 50 feet of public street right-of-way shall be at least 60% transparent in order to permit visibility between building occupants and outdoor pedestrians and motor vehicle drivers.
- (iii) Ground floor facades for retail buildings that face public streets shall have storefronts, canopies, arcades, display windows, entry areas, awnings or other features along at least 50% of their horizontal length.
- (iv) The Director may approve alternative canopy or Façade treatments not specified in this article if the Director determines that the alternative canopy or façade treatment is substantially equal to or better than a specified requirement in quality, durability, and appearance and the use thereof will not violate any provision of this article.

(d) No single building finish material shall cover more than 80% of the front of any building.

(e) All facades of an individual building and the facades of multiple buildings within a single development shall be of similar architectural design, color and materials where facing or siding to a public street, internal access easement or pedestrian walkway.

- (f) Screening walls, wing walls, columns, and similar building extensions and supports shall be of similar architectural design, color and materials as the building or structure to which they are attached.
3. The following building materials shall not be used in an exterior finish:
    - (a) Vinyl siding, wood fiber hardboard siding, oriented strand board siding, plastic, or fiberglass panels.
    - (b) Unfired or underfired clay, sand, or shale brick.
    - (c) Smooth or un-textured concrete surfaces.
    - (d) Exterior Insulated Finish Systems (E.I.F.S.).

**J. Additional Regulations.**

1. The layout of townhomes will be defined with the Final Development Plan.
2. Per *Resolution 10-21*, adopted by City Council on April 20, 2010, Final Development Plans with multi-family and non-conventional single-family uses such as townhomes shall consider the features listed below. References are noted to corresponding regulations within this General Development Plan.
  - Vertical or horizontal mix of uses. (Refer to C.2)
  - Pedestrian-friendly elements beyond code requirements. (Refer to H.8 & 9, I.1.c.i-ii, and I.2.c.i-iv)
  - Streetscape/hardscape enhancements. (Refer to D.1.5, D.2.6, D.3.6, E.5 and Exhibits B3)
  - Connectivity for bicycle and pedestrian traffic. (Refer to D.1.9., D.2.10., D.3.10., E.6, H.8 & 9 and Exhibits B3 & B10)
  - Reserved spaces for future transit nodes and interfaces. (Refer to H.3)
  - Enhanced exterior building finishes. (Refer to Section I)
  - Enhanced landscaping and buffering from existing single-family uses. (Refer to D.2.1.a-f, D.3.1.a-d, H.1, 2, & 10(a) and Exhibits B14,B16,B17)
  - Incentives for owner occupancy increased density, etc.
  - “Green building” incentives beyond code requirements for structures and site development.
  - Integrated parking – structured parking, etc.
  - Allowance for shared common space between different uses. (Refer to H.7 & 10)
  - Provision for goods and services supporting residential uses within walking distance with pedestrian connectivity. (refer to C.2, and H.8 & 9)
3. Use of outdoor speakers for any use is prohibited within 200 feet of any single-family lot line.
4. Approved fire apparatus access roads shall extend the entire length on one (1) side of buildings three (3) or more stories in height, and shall be located within a minimum of fifteen (15) feet and a maximum of thirty (30) feet.
5. Highway 6 District retail use:
  - (a) Retail strip centers as defined herein and shown below are prohibited on Tract H of the Highway 6 District. Retail strip center means a tract or reserve that is developed with a multi-tenant retail building located toward the rear of the site with the building length parallel to the public street or highway, the building width

pendicular, and most of the on-site parking located in a single area between the building and road.

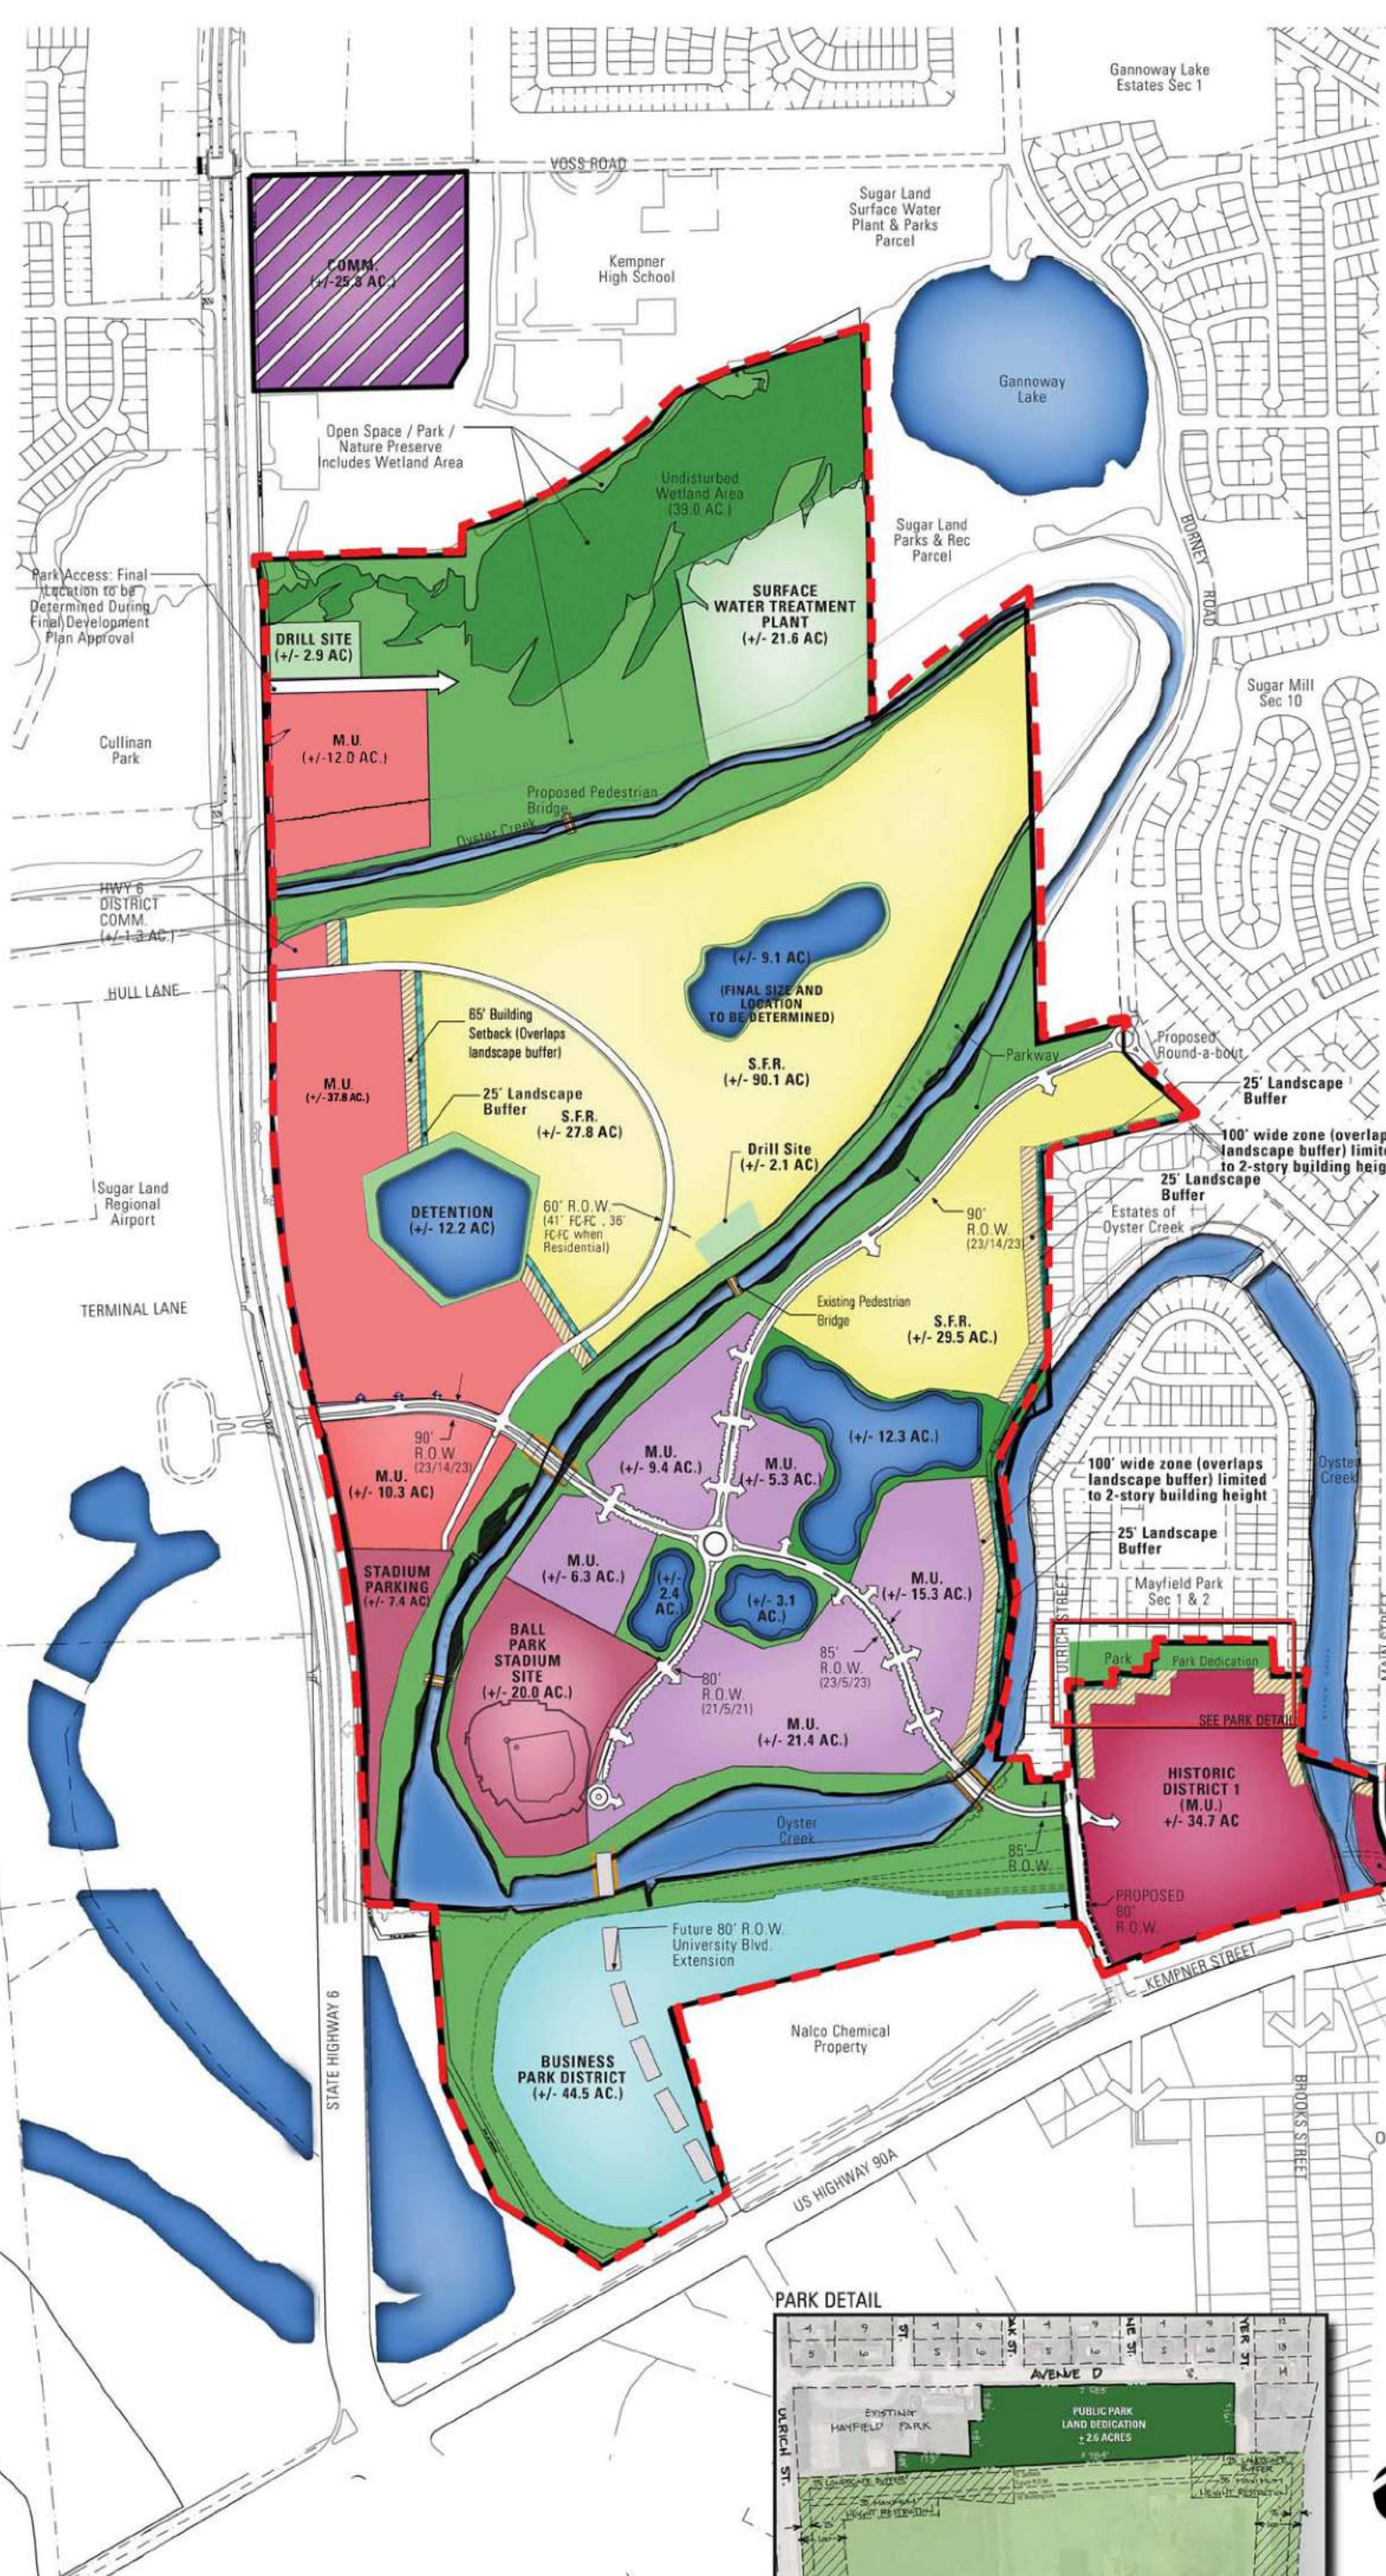

(b) Final Development Plans may place additional restrictions on the overall square footage of retail or the arrangement of retail uses on Tracts H or J.

#### K. Freestanding Signs.

1. Fronting on S.H. 6:
  - (a) Maximum effective area: 150 square feet
  - (b) Maximum height: 12 feet
  - (c) Number per feet of frontage: 1 per 250 feet
2. Fronting on Oyster Creek greenbelt:
  - (a) Maximum effective area: 30 square feet
  - (b) Maximum height: 3 feet
  - (c) Minimum setback: 10 feet from trail
  - (d) Number per feet of frontage: 1 per 500 feet
3. Minimum spacing:
  - (a) Freestanding sign must not be located within 250 feet of another freestanding sign on the same premises.
  - (b) Freestanding sign must not be located within 50 feet of another freestanding sign on any adjoining premises.
4. All information on one supporting structure is counted as one sign for purposes of applying the regulations on the number of freestanding signs allowed on any one property.
5. Exterior finishes for freestanding signs shall be established in Final Development Plans.
6. Additional regulations on freestanding signs within the Development Code, Section 4-24 (d) through (h), remain applicable.

## EXHIBIT B-2 PERMITTED USES

Land Use Plan

### Imperial Permitted Uses

Imperial will be a mixed-use environment with a combination of residential, retail, office, civic, and open space. The location of the permitted uses is defined in Exhibit B-2 – Proposed Land Use Matrix. The building functions permitted within Imperial are dependent on where the building is located. For the purpose of this document, seven separate districts have been implemented.

The proposed land use plan, illustrates a collection of cells formed by various constraints associated with the subject property including easements, drainage facilities, and the street system. The seven separate districts are the Residential District, Highway 6 District, Ball Park District, Business Park District, Historical Districts 1 & 2, and the Open Space District.

Only open space and utility uses are permitted in the Open Space District and therefore, it is not included in Exhibit B2 – Proposed Land Use Matrix. All of the uses preceded by condition (22) in the Proposed Land Use Matrix are considered appropriate for and live/work units, which are permitted in the Historic Mixed use districts 1 & 2 and Ball Park District.

### General Boundary Description of the Seven Separate Districts

**Ball Park Districts:** consists of the “South Bend” area being the land north and east of Oyster Creek, North of the Nalco Tract, and extends east to Burney Road. The Ball Park District has been further divided into six “tracts” A-F, limiting certain land uses to specific tracts.

**Highway 6 District:** consists of the areas immediately adjacent to the highway extending along the most westerly property line to a point approximately 1,000 feet north of Oyster Creek. The Highway 6 District has been further divided into 4 “tracts” G-J, limiting certain land uses to specific districts.

**Residential District:** consists of the “North Bend” area, being the land south and west of Oyster Creek but excluding the land immediately adjacent to State Highway 6, included in the Highway 6 Districts.

**Business Park District:** consists of the land immediately north and west of the Nalco Tract, south of Oyster Creek.

**Historic District 1:** consists of the former Imperial Historic Tracts east of Ulrich Street and west of Main Street.

**Historic District 2:** consists of the former Imperial Historic Tracts east of Main Street and west of Wood Street.

**Open Space District:** consists of the most northern tract north of Oyster Creek excluding the land immediately adjacent to State Highway 6, included in the Highway 6 Districts.
