Overview of Storm Sewer System

Overview of Storm Sewer System

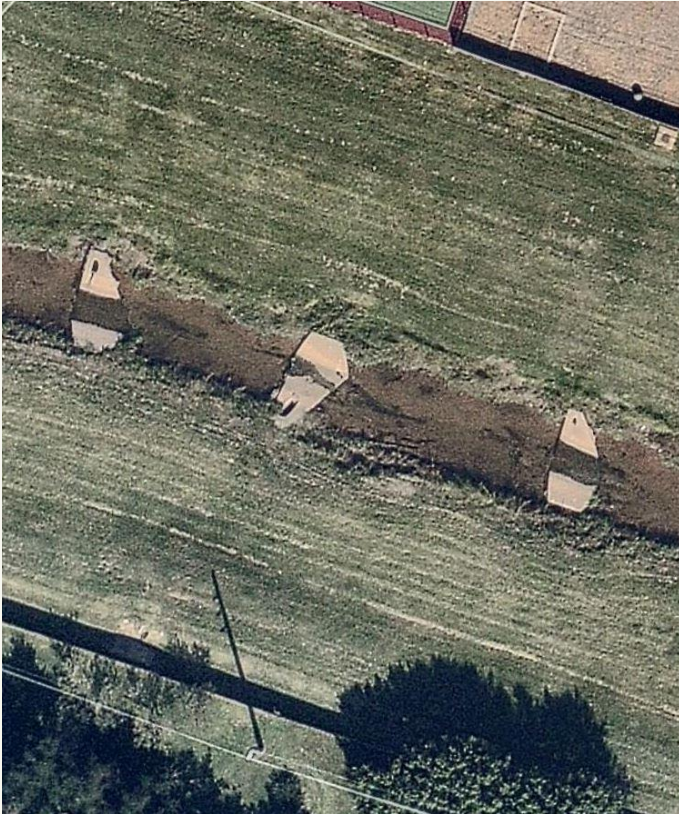

History

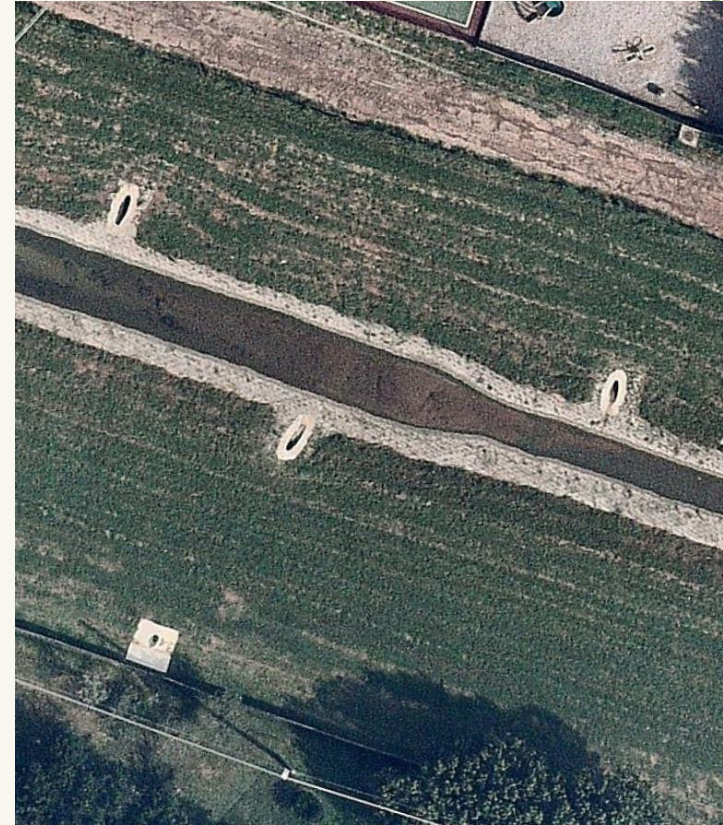

History

- In 2015, the City worked with FBLID 2 on Ditches “A”, “D” & “G” to replace 23 Outfalls.

Before

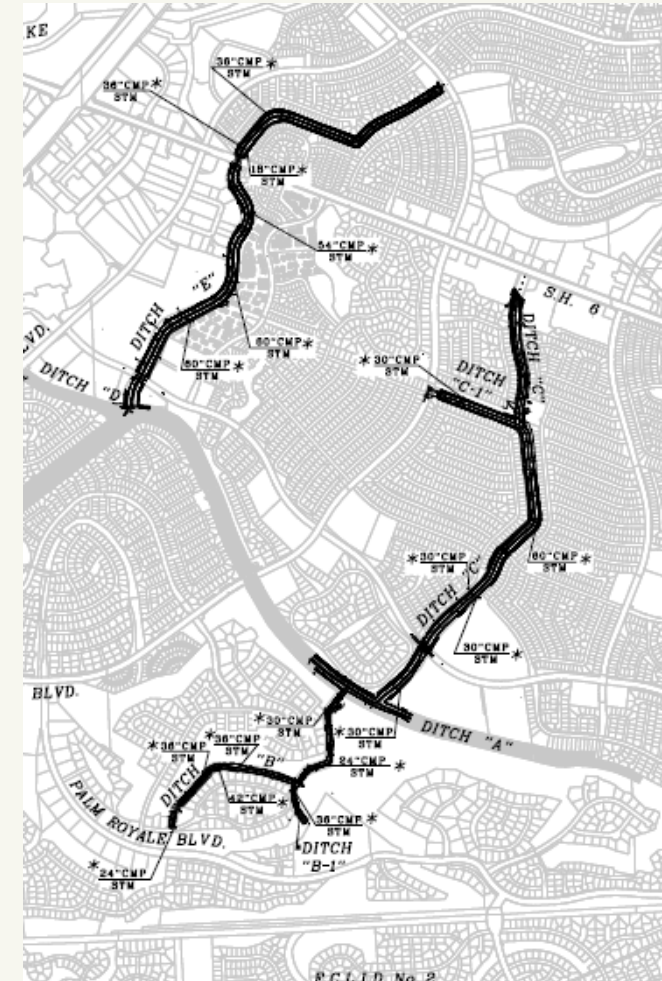

After

Project Scope & Cost

- Ditches “B”, “B-1”, “C”, “C-1” & “E”
- 18 City-Owned & Maintained Outfalls will be replaced
- In conjunction with LID 2 Ditch Lining Project
- Texas Wall and Landscape was the low bidder.
- City’s costs, including contingency and management fees, are \$227,711.

Funding

- **This Project was planned in the five year CIP for FY19 – shown as DR1902**
- **LID 2 has moved the project forward.**
- **Requesting \$227,711 Budget Amendment from CIP – Fund Balance reserved for Harvey-related projects.**

Recommendation

- **Staff recommends Council to authorize the Development Participation Agreement with Fort Bend County Levee Improvement District No. 2 for Outfall Replacement for \$227,711 and Authorize a Budget Amendment of \$227,711 from CIP – Fund Balance.**
