

## Redline of Additional Development Code Changes

The changes being made to the Development Code Permitted Uses and Parking Schedule tables (Sec. 2-71 and Sec. 2-91) necessitate changes to other sections of the Development Code. Below are these additional sections, with the additional changes redlined. Only modified sections are included; those with no changes are not shown below. A summary of these changes is also available.

### CHAPTER 1 - GENERAL PROVISIONS

#### ARTICLE I. - GENERAL PROVISIONS

##### Sec. 1-6. - Technical Studies.

After accepting an application as filed, the Director, the Commission, or the City Council may require an applicant to submit 1 or more technical studies, including, but not limited to, traffic studies (such as traffic impact analysis and/or onsite/offsite traffic queuing analysis, etc.), engineering studies, environmental impact assessments, noise studies, market studies or economic impact reports, to adequately evaluate the impact of the request. The Director's requirement that the applicant submit a technical study may be appealed to the Commission.

**Commented [RML1]:** Added new language clarifying that the City may require a queuing study to ensure on-site queuing does not negatively impact public streets.

### CHAPTER 1 - GENERAL PROVISIONS

#### ARTICLE II. - STREET SYSTEM IMPROVEMENTS

##### Sec. 1-23. - Traffic Studies.

The applicant of a proposed development must submit to the City Engineer an internal site vehicle generation report, by time of day, for the development utilizing trip generation rates set forth in the latest edition of the Trip Generation Manual published by the Institute of Transportation Engineers (ITE), unless said Manual does not adequately address the type or intensity of the proposed land use. In this event the applicant or his agent shall submit projected vehicle trips to the City Engineer. For land uses adequately represented in said Manual, alternate trip generation rates shall not be accepted.

Any proposed development which is expected to generate at least 100 vehicle trips during any peak hour period requires a traffic impact analysis (TIA). Prior to completing a TIA, applicants must submit a completed TIA Worksheet to the City for review. All required TIAs shall be performed by a professional engineer licensed in the State of Texas and qualified to perform such analyses. All TIAs shall be completed in accordance with the latest edition of the City's Traffic Impact Analysis Guidelines.

Any proposed development which has the potential to create vehicle traffic queuing impacts to public right-of-way or onto adjacent private property will require a traffic queueing analysis to be submitted to the City Engineer to prove safe and adequate access to the project. All traffic queueing analysis shall be performed by a professional engineer licensed in the State of Texas and qualified to perform such work. Any required onsite/offsite modifications, improvements, or mitigation measures needed to provide safe and adequate access shall be solely burdened by the applicant.

**Commented [RML2]:** Added new language requiring a queuing study to ensure on-site queuing does not negatively impact public streets.

## Redline of Additional Development Code Changes

### CHAPTER 2. – ZONING REGULATIONS

#### ARTICLE II. – ZONING DISTRICTS AND LAND USES

##### PART 1. - IN GENERAL

##### Existing Code Sections (see revised code sections below):

##### Sec. 2-54. - New and Unlisted Uses.

~~A. If the Director determines that a proposed use is not a listed use or there is some ambiguity of its proper classification under the Land Use Matrix, the Director will consider the proposed use and its compatibility with the other uses permitted in the various districts and make a determination as to the district or districts within which the use should be located. In making a determination on the proposed use and appropriate district or districts where the use should be located, the Director will take into account elements such as:~~

- ~~1. The intensity of the use;~~
- ~~2. Uses that are similar to the proposed use and districts allowing those uses; and~~
- ~~3. Operations of the proposed use and its impacts on surrounding areas.~~

~~B. An applicant may appeal the Director's determination to the Zoning Board of Adjustment.~~

##### Sec. 2-55. - Accessory and Temporary Uses.

~~A. Accessory Uses. An Accessory Use may not be established on any Lot prior to the establishment of the Principal Use.~~

~~B. Temporary Construction Office. Temporary offices for construction may be used on the site of a construction project as a temporary use but must be removed upon completion of the project. In Residential Districts, a temporary construction office must cease upon the issuance of a Certificate of Occupancy for the last Dwelling Unit for the subdivision or project or, in the case of a subdivision or project for which approval has been given for phased development, for the last Dwelling Unit for that phase.~~

##### Sec. 2-56. - Land Use Matrix.

~~A. The Land Use Matrix is based on business activities as contained in the 1987 edition of the Standard Industrial Classification (SIC) Manual, published by the Executive Office of the President, Office of Management and Budget. The SIC codes included in the Use Matrix are references to the SIC Manual so that the text description of the listed use may be located. Some land uses included in the Matrix are not found in the SIC, and are, where necessary, defined by the Development Code.~~

~~B. The Land Use Matrix establishes land uses that are Permitted, Ancillary, require a Conditional Use Permit, and Prohibited for each zoning district. Land and Structures within each zoning district must be devoted to uses in accordance with the Land Use Matrix. The uses contained in the Land Use Matrix and SIC Manual may be requested for inclusion in a PD district:~~

- ~~1. Allowed Uses. Land and Structures may only be used for the listed uses specified in that district, as indicated with a "P", "A", or "C".~~

**Commented [RML3]:** Revised order of content of Sec. 2-54 through 2-56 and added new Sec. 2-57 & 2-58 for clearer application and understanding.

**Commented [RML4]:** Moved to new Sec. 2-57.

**Commented [RML5]:** Moved to new Sec. 2-54 B.

**Commented [RML6]:** Revised and moved to Note 3 of Sec. 2-71 Residential Districts Permitted Uses and Parking Schedule

**Commented [RML7]:** Deleted since SIC is no longer used.

**Commented [RML8]:** Revised and moved to new Sec. 2-54 A.

**Commented [RML9]:** Revised and moved to new Sect. 2-58

**Commented [RML10]:** Revised and moved to new Sec. 2-55

Note: Only modified Development Code sections are included in this redline document; those with no changes are not shown.

## Redline of Additional Development Code Changes

a. ~~"P" indicates a use that is Permitted by right.~~

b. ~~"A" indicates a use that is permitted under the requirements specified in the zoning regulations for ancillary uses.~~

c. ~~"C" indicates a use that may be permitted and requires a Conditional Use Permit prior establishment of the use on the property.~~

d. ~~"\*" indicates a use that may be permitted and requires a Conditional Use Permit as a residential proximity provision for the establishment of a use, or the expansion of an existing use for nonresidential property within nonresidential zoning districts (B-1, B-O, B-2, M-1) that immediately abut a rear property line of an existing single-family lot in a residential single-family district. This CUP provision does not apply to:~~

1) ~~Remodeling or expansion of a use within the footprint of an existing building not adding additional height to the building.~~

2) ~~Expansion of a use where a building addition is proposed to an existing building when there is a distance of at least 100 feet from the exterior building wall of the new expansion to the abutting single-family residential rear property line and the total height of the addition does not exceed 35 feet from ground level to the top of highest portion of the building (inclusive of parapets), and the square footage of the expansion is not greater than 25% of the square footage of the floor area of the existing building.~~

3) ~~Exterior facade repair or replacement to existing structures in accordance with the particular district regulations that do not increase the height of the existing building by more than 6 inches.~~

4) ~~Addition, repair, or replacement of architectural screening for rooftop equipment to an existing building.~~

5) ~~Addition, repair, or replacement of fencing or landscaping.~~

6) ~~Addition, repair, or replacement of internal sidewalks or fire lanes.~~

7) ~~Repair or replacement of existing parking lot paving.~~

8) ~~Addition of new parking lot paving that is a distance of at least 50 feet from the new parking lot to the abutting single-family residential interior side or rear property line.~~

2. ~~Prohibited Uses. Land and Structures may not be devoted to a use that is shown as Prohibited in the Land Use Matrix.~~

C. ~~The Residential Land Use Matrix and Commercial Land Use Matrix are located in this Article.~~

**Commented [RML11]:** Revised and moved to new Sec. 2-55

## Revised Code Sections

### Sec. 2-54. Use of Land and/or Buildings

A. ~~The use of land and/or buildings shall be in accordance with those listed in this Article for each zoning district. No land or building shall hereafter be used and no building or structure shall be erected, altered, or converted other than for those uses specified in the zoning district in which it is located or for activities consistent with the nonconforming provisions of Article VI. – Nonconforming Uses.~~

B. ~~An Accessory Use may not be established on any Lot prior to the establishment of the Principal Use.~~

**Commented [RML12]:** Revised former Sec. 2-56 B. for clarity of application.

**Commented [RML13]:** Moved from former Sec. 2-55. A.

*Note: Only modified Development Code sections are included in this redline document; those with no changes are not shown.*

## Redline of Additional Development Code Changes

### Sec. 2-55. Key to Permitted Uses and Parking Schedule Tables.

The key for determining uses in the Permitted Uses and Parking Schedule Tables established in Section 2-71 and Section 2-91 is as follows:

- A. Permitted Use: [P]. Designates uses permitted by right in the district indicated.
- B. Permitted Use with Supplemental Regulations: [P(N)]. Designates uses permitted by right in the district indicated, so long as they comply with the Supplemental Regulations found at the end of the table.
- C. Conditional Use: [C]. Designates a use that may be permitted in the district by an approved conditional use permit.
- D. Conditional Use with Supplemental Regulations: [C(N)]. Designates uses that may be permitted in the district by an approved conditional use permit and must also comply with the Supplemental Regulations found at the end of the table.
- E. Ancillary Use: [An]. Designates uses that are permitted under the requirements specified in the zoning regulations for ancillary uses.
- F. Prohibited Uses: [ ]. Indicates a use that is not permitted in the district.
- G. Residential Proximity Conditional Use: [\*]. Indicates a district wherein a conditional use permit is required for uses in specified circumstances, as follows:
  - 1. A conditional use permit is required for the establishment or expansion of a nonresidential use located on property that abuts a single-family residential lot located in a single-family residential district, except as provided below.
  - 2. A conditional use permit is not required in the following circumstances:
    - a. Remodeling an existing building (with no expansion of the building);
    - b. Expanding a use within an existing building (with no expansion of the building);
    - c. Adding to an existing building when:
      - (1) The closest exterior building wall of the new expansion is at least 100 feet from the abutting single-family residential property line; and
      - (2) The total height of the addition does not exceed 35 feet, from ground level to the top of highest portion of the building (inclusive of parapets); and
      - (3) The area of the expansion is not greater than 25% of the square footage of the floor area of the existing building;
    - d. Exterior facade repair or replacement to existing structures in accordance with the particular district regulations and that do not increase the height of the existing building by more than 6 inches;

Note: Only modified Development Code sections are included in this redline document; those with no changes are not shown.

**Commented [RML14]:** Revised wording for clarity and consistency; moved from former Sec. 2-56. B.

**Commented [RML15]:** New designation/ description needed based on changes to Sec. 2-71 Residential Districts Permitted Uses and Parking and Sec. 2-91 Nonresidential Districts Permitted Uses and Parking

**Commented [RML16]:** New designation/ description needed based on changes to Sec. 2-71 Residential Districts Permitted Uses and Parking and Sec. 2-91 Nonresidential Districts Permitted Uses and Parking

**Commented [RML17]:** Revised to simplify wording; moved from former Sec. 2-56 B. 1. D.

## Redline of Additional Development Code Changes

- e. Addition, repair, or replacement of architectural screening for rooftop equipment to an existing building;
- f. Addition, repair, or replacement of fencing or landscaping;
- g. Addition, repair, or replacement of internal sidewalks or fire lanes;
- h. Repair or replacement of existing parking lot paving; or,
- i. Addition of new parking lot paving that is at least 50 feet from the abutting single-family residential property line.

### Sec. 2-56. – Use Chart Organization

The Permitted Uses and Parking Schedule tables are subdivided into the following use categories:

A. Residential

B. Institutional

C. Office

D. Retail

E. Services

F. Vehicle-Related

G. Industrial

### Sec. 2-57. - New and Unlisted Uses.

A. If the Director determines that a proposed use is not a listed use or there is some ambiguity of its proper classification under the Land Use Matrix, the Director will consider the proposed use and its compatibility with the other uses permitted in the various districts and make a determination as to the district or districts within which the use should be located. In making a determination on the proposed use and appropriate district or districts where the use should be located, the Director will take into account elements such as:

1. The intensity of the use;
2. Uses that are similar to the proposed use and districts allowing those uses; and
3. Operations of the proposed use and its impacts on surrounding areas.

B. An applicant may appeal the Director's determination to the Zoning Board of Adjustment.

### Sec. 2-58. – Land Uses in Planned Development Districts

A. Proposed Land Uses in Planned Development Districts – Requests for Planned Development district (PD) zoning shall include a list of permitted uses, which should be based on the most recently adopted uses listed in the Residential and Nonresidential Districts Permitted Uses and Parking

**Commented [RML18]:** New section - provides roadmap for use of Permitted Uses and Parking Schedule tables. Provides clarity and simplifies application of the Code.

**Commented [RML19]:** Moved from former Sec. 2-54

**Commented [RML20]:** Established use of new land use categories for new PD districts; legacy use of SIC for existing PDs to provide clarity in application of the new land use classifications in relation to PD districts

*Note: Only modified Development Code sections are included in this redline document; those with no changes are not shown.*

## Redline of Additional Development Code Changes

Schedule. Amendments to existing PD districts, or submittal of Final Development Plans for properties whereon General Development Plans were approved prior to ~~XXXXXX~~, 2019, may utilize the most recently adopted land use list in lieu of the previously utilized Standard Industrial Classification (SIC) system. A table converting the SIC system to the Permitted Uses and Parking Schedule Tables (Section 2-71 and Section 2-91) may be found in the Development Application Handbook.

**Commented [RML21]:** This will be the date of the approval of the ordinance adopting these changes.

B. ~~Legacy use of SIC Manual~~ - Planned Development Districts created between 1997 and ~~XXXXXX~~, 2019 contain permitted use lists which are based on activities as contained in the 1987 edition of the Standard Industrial Classification (SIC) Manual, published by the Executive Office of the President, Office of Management and Budget. The SIC codes included in the Use Matrix are references to the SIC Manual so that the text description of the listed use may be located.

**Commented [RML22]:** This will be the date of the approval of the ordinance adopting these changes.

## CHAPTER 2. – ZONING REGULATIONS

### ARTICLE II. – ZONING DISTRICTS AND LAND USES

#### PART 4. – MIXED USE CONSERVATION DISTRICT (MUC)

Sec. 2-112. - Permitted Uses.

11. It is conducted so that it does not create parking or traffic congestion or otherwise place an undue burden on the abutting or adjoining neighbors or the immediate neighborhood.

**Commented [RML27]:** Moved from Sec. 2-194 A.

## CHAPTER 2. – ZONING REGULATIONS

### ARTICLE IV. - SUPPLEMENTAL REGULATIONS: SATELLITE DISH ANTENNAS, FENCES, ACCESSORY BUILDINGS, ~~AND DWELLING UNITS, AND HOME OCCUPATIONS~~

#### Sec. 2-192. - Accessory Structures.

- A. Accessory Structures are subject to the same regulations as apply to Principal Buildings in each district, except as otherwise specified in this Section.
- B. An Accessory Structure must not be established on any Lot prior to the establishment of the Principal Building.
- C. An Accessory Structure must comply with Front and Street Side Yard setbacks.
- D. Accessory Structures must not be located within a parking lot setback as identified in Article V: Off Street Parking and Loading Regulations.
- E. In Nonresidential Districts, Accessory Structures must not be more than 20 feet in height as measured from finished grade to the highest point of the Structure.
- F. In Residential Districts, Accessory Structures must comply with the following additional regulations:
  1. An Accessory Structure must comply with Rear and Side Yard setbacks with the following exception.

**Commented [RML28]:** Moved to Note 2 of Sec. 2-71 Residential Districts Permitted Uses and Parking Table

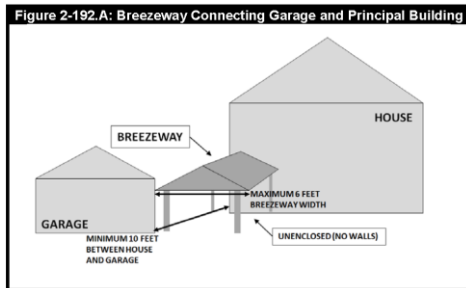

*Note: Only modified Development Code sections are included in this redline document; those with no changes are not shown.*

## Redline of Additional Development Code Changes

An Accessory Structure may be located up to 5 feet from any Rear or Side Lot Line if the structure meets the following requirements:

- a. It has a maximum height of 1½ stories, but no more than 20 feet as measured from finished grade to the highest point of the Structure;
- b. It does not have a Rear Lot Line facing balcony or window above the first story;
- c. It is Detached and located at least 10 feet from the Principal Building; and
- d. It may be connected by a Breezeway to the Principal Building if the following requirements are met (See Figure 2-192.A):
  - (1) The Accessory Structure is located at least 10 feet from the Principal Building;
  - (2) The Breezeway is unenclosed; and
  - (3) The Breezeway is not wider than 6 feet as measured from edge-of-eave to edge-of-eave.

**Figure 2-192.A**

2. The total square footage of all Accessory Structures located in a required Rear Yard shall not be larger than:
  - a. R-1E district: 1,563 square feet or 25% of the required Rear Yard, whichever is greater
  - b. R-1R district: 563 square feet or 25% of the required Rear Yard, whichever is greater
  - c. R-1 district: 225 square feet or 25% of the required Rear Yard, whichever is greater
  - d. HR-1 district: 225 square feet or 25% of the required Rear Yard, whichever is greater
  - e. R-1Z district: 125 square feet or 25% of the required Rear Yard, whichever is greater
  - f. R-2 district: 500 square feet or 25% of the required Rear Yard, whichever is greater
  - g. R-3 & R-4 district: 25% of the required Rear Yard
3. *Sheds.* Lots 6,600 square feet or less may have a shed that is up to 200 square feet. Lots greater than 6,600 square feet may have a shed that does not exceed 3% of the lot area. If more than 1 shed is provided, this requirement applies to the total square feet of all sheds.

*Note: Only modified Development Code sections are included in this redline document; those with no changes are not shown.*

## Redline of Additional Development Code Changes

4. *Private Garage or Carport.* Lots 6,000 square feet or less may have a Private Garage or Carport that is up to 600 square feet. Lots greater than 6,000 square feet may have a Private Garage or Carport that does not exceed 10% of the Lot area. If more than 1 garage is provided, this requirement applies to the total square feet of all garages.
5. *Special Provisions for Detached Private Garages in the HR-1 District.* The following Special Provisions for detached Private Garages in the HR-1 District supersede other height, Side and Rear Yard regulations in this Section. Detached Private Garages located in the HR-1 zoning district must comply with the following:
  - a. Have a maximum height of 2 stories, and be no more than 27 feet in height as measured from finished grade to the highest point of the Structure;
  - b. Be located at least 1½ feet from any Rear or Side Lot Line.

- ~~6. *Special Provisions for Accessory Dwelling Units.* A single-family Detached Dwelling located in a R-1, R-1R, R-1E, HR-1 or MUC zoning district may provide for an additional Dwelling Unit as accessory quarters located in the Principal Building or as part of a Detached garage, if:~~
- ~~a. The accessory quarters does not contain more than 600 square feet of Living Space, and~~
  - ~~b. The occupant or occupants do not pay compensation for the use of the accessory quarters.~~

### ~~Sec. 2-194. – Home Occupations.~~

- ~~A. A Home Occupation is only permitted as an Accessory Use in a residential Dwelling Unit if it meets the following conditions:~~
- ~~1. It is conducted wholly within the Principal Building;~~
  - ~~2. It is not conducted within a Private Garage, whether attached or Detached;~~
  - ~~3. It does not depend on the employment of a person who does not reside in the residence;~~
  - ~~4. A separate entrance is not provided for the conduct of the occupation;~~
  - ~~5. An alteration is not made in the Dwelling Unit that changes its character as a Dwelling Unit;~~
  - ~~6. It does not use outdoor storage;~~
  - ~~7. It does not involve more than 300 square feet of the area of the Dwelling Unit;~~
  - ~~8. A Sign Advertising the Home Occupation is not located on the Premises;~~
  - ~~9. It does not require the delivery or shipment of merchandise, goods, or equipment by other than passenger motor vehicles, ¾ ton step up van or similar sized trucks;~~
  - ~~10. It does not create or cause any perceptible noise, odor, smoke, electrical interference or vibrations to emanate from the Premises; and~~
  - ~~11. It is conducted so that it does not create parking or traffic congestion or otherwise place an undue burden on the abutting or adjoining neighbors or the immediate neighborhood.~~

**Commented [RML29]:** Moved unchanged to Note 1 of Sec. 2-71 Residential Districts Permitted Uses and Parking Schedule and Sec. 2-112 MUC Permitted Uses

**Commented [RML30]:** Moved unchanged to Note 2 of Sec. 2-71 Residential Districts Permitted Uses and Parking Schedule and Sec. 2-112 MUC Permitted Uses

## CHAPTER 2. – ZONING REGULATIONS

### ARTICLE V. - OFF-STREET VEHICLE AND BICYCLE PARKING AND LOADING REGULATIONS

#### Sec. 2-210. - General Requirements.

*Note: Only modified Development Code sections are included in this redline document; those with no changes are not shown.*

### Redline of Additional Development Code Changes

- A. In all districts, for every use, there must be provided at the time any Building or Structure is erected, enlarged, or increased in capacity an off-street Parking Lot in compliance with this Article.
- B. A required Certificate of Occupancy will not be issued for any premises that does not comply with the requirements of this Article.
- C. Except as otherwise provided herein, all Parking Lots must be on the same premises as the use being served.
- D. Nothing in this Article shall require additional parking spaces to be furnished for an existing Building that is repaired, altered, maintained, or modernized, where no structural alterations are made and the size of the Building is not increased.
- E. For existing Buildings that are enlarged, additional parking spaces shall be required for the enlarged portion only.
- F. When the occupancy of any Building is changed to another use, parking shall be provided to meet the requirements of this Article for the new use.
- G. Where off-street parking is required, a plan showing the location and arrangement of spaces shall be submitted with the Site Plan Package to the Director. Any future changes in parking arrangements must be submitted to the Director with a revised Site Plan Package.
- H. Parking Spaces must be constructed, maintained, and operated in accordance with City standards and must be maintained in good condition, free of obstructions and readily available for vehicular parking.
- I. In all zoning districts, parking and loading areas shall not be used for refuse containers, for the repair, storage, dismantling, or servicing of vehicles or equipment, for the storage of materials or supplies, or for any other use in conflict with the designated parking and loading areas."

**Commented [RML31]:** Added provisions to ensure parking spaces are utilized for vehicular parking and no other activities

**Commented [RML32]:** Added provisions to ensure parking spaces are utilized for vehicular parking and no other activities

#### Sec. 2-213. - Rules for Computing Number of Parking Spaces.

In computing the number of Parking Spaces required for each of the uses as shown in the off-street Parking Schedule, the following rules govern:

- A. Whenever a Building or use is changed so that there is an increase in Floor Area, the number of employees, the number of Dwelling Units, the seating capacity of the Building, or similar change, additional Parking Spaces must be provided on the basis of the enlargement or change. Whenever a Building or use existing prior to July 21, 2015 is enlarged in Floor Area or in the area used, the Building or use must comply with the parking requirements set forth herein.
- B. The Parking Space requirement for a use not specifically mentioned herein will be determined by the Director based on the most comparable use.
- C. Where fractional spaces result, the Parking Spaces required must be provided by calculating to the nearest whole number.
- D. The Director may approve areas for exemptions from parking calculations. Service areas provided exclusively for the occupants of a Building, including foyers, cafeterias/break rooms, auditoriums, gymnasiums/wellness rooms, mechanical rooms, stairwells and elevator shafts can

*Note: Only modified Development Code sections are included in this redline document; those with no changes are not shown.*

## Redline of Additional Development Code Changes

be excluded from the calculation of Floor Area for determining required Parking Spaces if the Director determines these areas do not require parking capacity.

- E. For mixed uses on a parcel or lot, the Parking Spaces required must equal the sum of the requirements of the various uses computed separately.

~~F. For Shopping Centers where Eating and Drinking Establishments occupy:~~

~~1. Less than 50% of the gross square footage (not the primary use), parking is calculated at the Shopping Center ratio detailed in the Off-Street Parking Schedule in this Article.~~

~~2. 50% or more of the gross square footage, parking is calculated at the Eating and Drinking Establishments ratio for the portion of the building occupied by the Eating and Drinking Establishment(s). For the remainder of the building, the Parking Spaces required must equal the sum of the requirements of the remaining uses computed separately.~~

- ~~GE.~~ **Shared Parking.** Shared parking ratios shall be based on Urban Land Institute (ULI) Shared Parking methodology and Institute of Transportation Engineers (ITE) Parking Generation. Authorization by City Council in an approved Planned Development District is required for a site within a Planned Development District to utilize shared parking.

**Commented [RML33]:** Moved to Note 9 Sec. 2-91 Nonresidential Districts Permitted Uses and Parking Schedule

### Sec. 2-220. - Off-Street Parking Schedule.
