STAFF REPORT

Location Description	West of Greatwood Parkway and Scenic Place					
Subject Property (Area 1)	Interim Standard Single Family (R - 1-I) which was assigned at annexation					
Surrounding Property Zoning	 North: Interim Standard Single Residential (R-1-I) and Interim Neighborhood Business (B- 1-I) South: Interim Planned Development (PD- I) East: Interim Planned Development (PD- I) West: Interim Planned Development (PD- I) & City's Extraterritorial Jurisdiction (ETJ) 					
Surrounding Land Uses	North: City's water treatment plant and commercial uses South: LID amenity area East: Street ROW and golf course opens space West: LID amenity area and commercial uses (RV Park)					
Fieldwork / Site Visits	Zero lot line homes/ patio homes and pocket park					

GENERAL SITE INFORMATION AND ANALYSIS:

The three areas, platted as *Greatwood B-170, Greatwood Green and The Landing at Greatwood Sections One and Two*, are being permanently zoned in character with the existing development to the greatest extent possible. Interim Standard Single Family Residential (R - 1-I) is only meant to be temporary. Placing a temporary zoning district on an annexed area allows the City to review the area and determine which zoning district best suites the newly annexed part of the City.

Zero Lot Line Single-Family Residential District (R-1Z)

The Zero Lot Line Single-Family Residential District provides for the development of Single-Family detached dwellings in areas where reduced area and setback requirements may be accommodated. The district requires homes to be located on one side lot line to consolidate yard space and enhance privacy in exchange for an increase in lot coverage. The properties proposed to be permanently zoned R-1Z were platted and developed as zero-lot line and will conform most closely to this district.

During Staff's research, it was noticed five lots in the Greatwood B-170 section were replatted and the purpose of the replat was to remove the cul-du-sac and extend Shadow Lake Drive to intersect with Winding Brook East Drive. These five lots are subject to a five-foot side yard setback per the plat's notes. However, during our field survey and further research, it was confirmed the lots were also developed as zero lot line homes. Staff believes the R-1Z suits these lots best due to the way the homes were built. The R-1Z will require a minimum zero side yard setback and a ten- foot side yard setback. This will not be in conflict with the five-foot side yard setback. In many cases, when there is a more restrictive setback per the zoning or the private deed restrictions, the more restrictive setback applies. Staff does not foresee an issue with the R-1Z zoning district for these lots.

The permanent zoning does not alter the existing development nor impact any private deed or property owner's association restrictions. Future construction in these areas will need to comply with the bulk regulations as outlined in the Development Code for the R-1Z zoning district.

During the public hearing, the Commission agreed the R-1Z zoning district is appropriate for these areas based on the existing development pattern.

REGULATION		ZONING DISTRICT				
		R-1E	R-1R	R-1	HR-1	R-1Z
Minimum Lot Area		1.5 acres	9,500 sq. ft.	6,600 sq. ft.	6,600 sq. ft.	5,000 sq. ft.
Minimum Lot Width		125 ft.	75 ft. (a)	60 ft. (a)	60 ft. (a)	50 ft. (a)
Minimum Lot Depth		None	125 ft.	110 ft.	110 ft.	100 ft.
Minimum Front Yard (Setback)		50 ft.	30 ft. (b)	25 ft. (b)	25 ft. (b)	20 ft.
Minimum Side Yard	Residential Use (See Figures 2-72.A & 2- 72.B)	(c)	5 ft.	(d)	10 ft.	(e)
	Nonresidential Use	30 ft.	25 ft.	25 ft.	25 ft. (m)	25 ft.
Minimum Street Side Yard (Setback)		30 ft.	20 ft.	20 ft.	15 ft. (h)	20 ft.
Minimum Rear Yard (Setback)		50 ft.	30 ft.	15 ft. (i)	15 ft. (i)(m)	10 ft. (i)
Maximum Lot Coverage		40%	40%	40%	40%	50%
Maximum Height of Principal Structures		0	(j)	()	(k)	(j)
Maximum F.A.R.		0.71	0.71	0.71	0.71	0.71
Additional Regulations					(1)	(n)

Bulk Regulations for Bulk Regulations for Residential Zoning Districts (R-1Z)

See also Article III: Height and Area Regulations and Article IV: Supplemental Regulations for additional regulations. Note: Parking setback requirements are detailed in <u>Chapter 2</u>, Article V.

POINTS FOR CONSIDERATION:

- Properties within the Greatwood MUDs were annexed into the City of Sugar Land in December 2017, and state law does not allow annexation ordinances to assign permanent zoning at the time of annexation; therefore, a permanent zoning change is subsequently required.
- The permanent zoning proposal is designed to match up the existing development with the proper district regulations.
- The proposed permanent rezoning is proposed to be in character with the existing development in the Greatwood residential areas (patio homes) identified in the maps.
- The Comprehensive Plan is not in conflict with the proposal.

Vicinity Map

Future Land Use Map (2018):

Pursuant to TX LGC - Ch.213 - Sec. 213.005, a comprehensive plan shall not constitute zoning regulations, or establish zoning district boundaries.

Letter to Property Owners

CITY OF SUGAR LAND PLANNING

September 12, 2018

Greatwood Property Owners Sugar Land, Texas 77479

Re: POST-ANNEXATION: PERMANENT ZONING OF GREATWOOD SINGLE-FAMILY RESIDENTIAL PATIO HOMES - FROM INTERIM STANDARD SINGLE-FAMILY RESIDENTIAL (R-1-I) TO PERMANENT ZERO LOT LINE SINGLE FAMILY RESIDENTIAL (R-1Z)

Dear Property Owner:

You are receiving this letter and legal notice about upcoming permanent zoning processes for single-family residential properties within Greatwood because you are an existing property owner of land within Greatwood that was platted as patio homes also known as zero lot line residential homes (see map) within Greatwood. The City of Sugar Land is initiating permanent zoning over patio home style developed areas of the Greatwood community, located 1) west of Greatwood Parkway and Scenic Place, 2) south of Riverbrook and 3) north of Winding Brook from Interim Standard Single-Family Residential (R-1-I) to Zero Lot Line Single Family Residential (R-1Z) (see attached map). This letter is intended to help you better understand the zoning process.

Greatwood was annexed into the City of Sugar Land recently in December 2017. At the time of annexation, an interim zoning designation of Standard Single-Family Residential (R-1-I) was placed on all property within Greatwood as state law does not allow annexation ordinances to assign permanent zoning at the time of annexation. Therefore, the permanent zoning process is subsequently required. Please note the permanent zoning for the residential areas will be done in phases.

Zoning is the way local governments can regulate the physical development of land and the uses that are allowed to be developed on property. It is also a tool used to guide decision making for improvements to existing property to ensure it is consistent with the surrounding environment. Zoning protects neighborhoods from development that does not harmonize or is not compatible with the surrounding area.

Sugar Land's zoning regulations specify the areas in which residential, industrial, recreational or commercial activities may take place. For example, the city's R-1 Standard Single-Family Residential zoning district allows for only single-family detached homes as opposed to duplexes or apartment complexes. On the other hand, a B-2 General Business zoning district only allows for certain commercial uses. Land is zoned into residential and commercial districts, so this ensures that a commercial building cannot be built in a residential neighborhood and vice versa, unless there is a change in the zoning ordinance which would require City Council approval.

Interim Standard Single-Family Residential (R-1-I) is only meant to be temporary. Placing a temporary zoning district on an annexed area allows the City to review the area and determine which zoning district best suites the newly annexed part of the City. In this case, R-1Z zoning is an appropriate zoning district for the Greatwood patio homes based on the way these subdivisions were platted and developed.

Post-Annexation Action: Permanent Zoning of Greatwood Patio Homes September 12, 2018 Page 2

The recorded plat for these areas established a zero-setback on one side of the lot, thus this zoning district closely matches the development pattern of these subdivisions. Please note that no action is required by the property owners when receiving this notice. This proposed change will be considered by the Planning and Zoning Commission and decided by the City Council during the next few months. This letter is accompanied with the notice for the Planning and Zoning Commission Public Hearing and a similar notice will be sent for the City Council Public Hearing in the future. If you would like to state an opinion regarding this rezoning, please contact staff by phone, email, mail, or attend the public hearings to speak on the topic.

The proposed zoning category is recommended to closely match up with the existing uses that have been developed within the residential areas of Greatwood over time. Staff has conducted fieldwork and site visits to these residential areas to better understand the current development patterns, and this information has gone into the Planning Department recommendations for specific zoning categories. Please note that the permanent Zero Lot Line Single Family Residential (R-1Z) zoning does not affect or alter any private deed or property owner's association restrictions. Should you have questions, please contact the Planning Department at planning@sugarlandtx.gov or by phone at (281) 275-2218.

Please note that additional information about zoning and the zoning process is also available on the City of Sugar Land website at <u>www.sugarlandtx.gov/annexation.</u>

Sincerely,

Mayra Hernandz

Re: POST-ANNEXATION: PERMANENT ZONING OF GREATWOOD SINGLE-FAMILY RESIDENTIAL PATIO HOMES - FROM INTERIM STANDARD SINGLE-FAMILY RESIDENTIAL (R-1-I) TO PERMANENT ZERO LOT LINE SINGLE FAMILY RESIDENTIAL (R-1Z)

Dear Property Owner:

You are receiving this letter and legal notice about upcoming permanent zoning processes for single-family residential properties because you are a nearby property owner within 200' of the subject properties within Greatwood to be permanently zoned. The City of Sugar Land is initiating permanent zoning over patio home style developed areas of the Greatwood community, located 1) west of Greatwood Parkway and Scenic Place, 2) south of Riverbrook and 3) north of Winding Brook from Interim Standard Single-Family Residential (R-1J) to Zero Lot Line Single Family Residential (R-1Z) (see attached map). This letter is intended to help you better understand the zoning process.

Greatwood was annexed into the City of Sugar Land recently in December 2017. At the time of annexation, an interim zoning designation of Standard Single-Family Residential (R-1-I) was placed on all property within Greatwood as state law does not allow annexation ordinances to assign permanent zoning at the time of annexation. Therefore, the permanent zoning process is subsequently required. Please note the permanent zoning for the residential areas will be done in phases.

Zoning is the way local governments can regulate the physical development of land and the uses that are allowed to be developed on property. It is also a tool used to guide decision making for improvements to existing property to ensure it is consistent with the surrounding environment. Zoning protects neighborhoods from development that does not harmonize or is not compatible with the surrounding area.

Sugar Land's zoning regulations specify the areas in which residential, industrial, recreational or commercial activities may take place. For example, the city's R-1 Standard Single-Family Residential zoning district allows for only single-family detached homes as opposed to duplexes or apartment complexes. On the other hand, a B-2 General Business zoning district only allows for certain commercial uses. Land is zoned into residential and commercial districts, so this ensures that a commercial building cannot be built in a residential neighborhood and vice versa, unless there is a change in the zoning ordinance which would require City Council approval.

Interim Standard Single-Family Residential (R-1-I) is only meant to be temporary. Placing a temporary zoning district on an annexed area allows the City to review the area and determine which zoning district best suites the newly annexed part of the City. The residential areas are being permanently zoned in character with the existing community.

Post-Annexation Action: Permanent Zoning of Greatwood Patio Homes September 12, 2018 Page 2

Please note that no action is required by the property owners when receiving this notice. This proposed change will be considered by the Planning and Zoning Commission and decided by the City Council during the next few months. This letter is accompanied with the notice for the Planning and Zoning Commission Public Hearing and a similar notice will be sent for the City Council Public Hearing in the future. If you would like to state an opinion regarding this rezoning, please contact staff by phone, email, mail, or attend the public hearings to speak on the topic. Please note that the proposed permanent residential zoning is recommended to closely match with the existing uses that have been developed within the residential areas of Greatwood over time. While the specific residential zoning categories are designated to closely mirror the uses developed in Greatwood, the zoning also offers protections to adjacent residential neighborhoods. Examples includes setbacks, height restrictions, and other special zoning conditions that apply to new construction or projects not in process before annexation. These conditions are common throughout the City's other residential areas, and provide safeguards. Please note that this does not replace any private deed restrictions that residential properties must already follow. Should you have questions, please contact the Planning Department at planning@sugarlandtx.gov or by phone at (281) 275-2218.

Please note that additional information about zoning and the zoning process is also available on the City of Sugar Land website at <u>www.sugarlandtx.gov/annexation.</u>

Sincerely,

mayra Hernandz
