

Agenda

- SLBPA Background
- FBSD Rules
- GRP Participant Agreement Summary

SLBPA Background

- Sugar Land Business Park Association well used to fill amenity lake
- Pumped approximately 1.5 million gallons last year

FBSD Rules

2015: All single Commercial wells are required to have a permit and are subject to groundwater reduction regulations

April 2017: Sugar Land Business Park Association received notice from FBSD

GRP Participant Agreement

- All Participant Agreements are fundamentally the same
- GRP comprised of 17 participants totaling 77 wells
- City does not expect this to impact long range conversion or have any financial burden

GRP Participant Agreement

June 14, 2017, SLBPA Directors approved GRP Participant Agreement

Staff requests approval of GRP Participant Agreement with Sugar Land Business Park Association
